5.0 5-Year Plan. Complete items 5.1 and 5.2 only at 5-Year Plan update.

5.1 Mission. State the PHA’s Mission for serving the needs of low-income, very low-income, and extremely low income families in the PHA’s jurisdiction for the next five years:
It is the mission of the Boston Housing Authority:

- **To provide stable, quality affordable housing for low and moderate income persons;**
- **To deliver these services with integrity and mutual accountability; and**
- **To create living environments which serve as catalysts for the transformation from dependency to economic self-sufficiency.**

5.2 Goals and Objectives. Identify the PHA’s quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.
 SEE ATTACHED, FIVE-YEAR PLAN PROGRESS REPORT.

Boston Housing Authority
Voluntary Conversion from Public Housing to Tenant-Based Assistance
Initial Assessment

The Boston Housing Authority determined a Per Unit Monthly (PUM) cost for covered (general occupancy) developments including operating costs with tenant contribution (\$740) and capital (\$135) for a total of \$875 PUM as of September 2013. We then compared that to the average Housing Assistance Payment plus the tenant's contribution that amounted to \$1478 PUM as of September 2013. Therefore, the change to tenant-based assistance would not be cost effective. None of the general occupancy developments in the BHA's portfolio has reached the stage of obsolescence where it would be cost effective to convert to tenant-based assistance rather than to maintain it as public housing.

The BHA is not subject to computing the mandatory conversion calculation because none of our developments meet the 15% vacancy standard for identifying public housing developments subject to the required conversion. Finally, residents strongly oppose any conversion to tenant-based assistance.

The above formula applies to the following developments:

Development Name	Number of Occupied Units*
Alice Taylor	352
Bromley Park	516
Barkley (Cathedral)	405
Charlestown	1073
Commonwealth	272
Franklin Field	339

<p>7.0 d</p>	<p>In accordance with the regulations promulgated by the Secretary of the United States Department of Housing and Urban Development, the Boston Housing Authority has implemented a Housing Choice Voucher Homeownership program. The mission of the Authority is to provide homeownership possibilities, self-sufficiency training and support, and facilitate community growth, while providing parameters which will attempt to minimize defaults which consequently have a negative impact on both the family and the community.</p> <p>The Leased Housing Department has partnered with the City of Boston’s Department of Neighborhood Development. DND has an established First Time Home Buyers program. By partnering with our sister agency, the Leased Housing Division has dramatically expedited the implementation of this program. The partnership has strengthened and effectively broadened the impact of homeownership opportunities within the City by providing services, support and expertise in a myriad of areas.</p> <p>ELIGIBILITY ISSUES</p> <p>The homeownership option has and will continue to be offered to families participating in the Housing Choice Voucher Program and the Family Self-Sufficiency Program (FSS). A successful graduate of the FSS Program may also be eligible for homeownership.</p>
<p>7.0 d</p>	<p>APPLICATION PROCESS</p> <p>Families applying or participating in the Housing Choice Voucher Program who indicate homeownership interest will have their eligibility determined by the Leased Housing Department’s Section 8 personnel. At the same time, the family will be referred to a HUD approved housing counseling agency, primarily to DND’s First Time Home Buyers Program or a similarly qualified agency, for the purpose of learning about the various responsibilities of owning a home. The topics may include, but not be limited to the following: home maintenance, budgeting and money management, credit counseling, financing, homeownership opportunities, fair housing lending and real estate settlement procedures. If necessary, the Authority may offer additional homeownership counseling to participants and has discretion to require the family to participate in ongoing counseling.</p>

To be eligible to participate in the BHA's Section 8 Homeownership Program the family must:

- *Must be a Section 8 participant in good standing in the BHA's Section 8 program.*
- *Must be a Family Self Sufficiency program participant (or graduate) and have remained a participant in good standing with respect to the contractual goals and requirements of the family's FSS Individual Training and Service Plan.*
- *Meet all eligibility criteria as described in the Section 8 Homeowner Administrative Plan.*
- *Attend homeownership counseling prior to purchase and post-purchase as offered by BHA-approved counseling agencies.*
- *Secure financing through a lender acceptable to the BHA.*
- *Be able to make the monthly payment of the family's portion of the mortgage payment.*
- *Sign a release allowing the BHA to exchange information with the lender and the lender with the BHA.*
- *Provide a down payment of at least three percent (3%) of the purchase price.*
- *Enter into a "Purchase and Sale Agreement" for a home within 180 days of receiving a homeownership voucher, provided the financing commitment has not expired prior to that date.*
- *Sign an acknowledgment form that the family becomes obligated for the whole mortgage payment in the event of termination of assistance.*
- *Agree that the family may not enter into an agreement to sell or refinance the home unless the BHA has first approved the sale or the refinance.*
- *Sign an acknowledgment form that the family will continue to comply with the appropriate provisions of the HUD Section 8 Rental Assistance regulations, family obligations and the BHA's Section 8 rental assistance and homeownership administrative plans.*
- *Agree to maintain the condition of the home so as to comply with HUD Housing Quality Standards (HQS) (although the BHA will not inspect the home annually for HQS compliance).*

7.0 e	<p>7.e Project-based Vouchers: Boston Housing Authority Section 8 Project Based Voucher Program</p> <p><u>Background</u></p> <p>As a result of the Fiscal Year 2001 HUD Appropriations Act, regulations were issued incorporating the Project Based Assistance requirements into the merged voucher program. These regulations were originally published in the Federal Register on January 16, 2001 and permitted the BHA to enter into a housing assistance payments (HAP) contracts with otherwise qualified owners provided the HAP contracts were in congruence with the PHA Plan (see 42 U.S.C. 1437c-1, implemented at 24 CFR part 903.) HUD defines “consistency with the PHA Plan” as a demonstration by the PHA that circumstances exist that indicate that project basing of the units, rather than tenant-basing of the same subsidy assistance is an appropriate option. Subsequently, HUD promulgated the Project Based Voucher Program; Final Rule on October 13, 2005, incorporating therein the sum and substance of the January, 2001 Initial Guidance. The following discusses the BHA’s implementation of this important policy tool.</p>
7.0 e	<p><u>PHA Plan</u></p> <p>HUD’s initial guidance published January, 2001 and again incorporated into the October, 2005 final rule specifies that PHAs that wish to use the project-based voucher option must attach a statement to the PHA Plan template. 66 Fed. Reg. 3608.</p> <ul style="list-style-type: none"> <input type="checkbox"/> The statement must include the projected number of project-based units and general locations, and <input type="checkbox"/> how project basing would be consistent with the PHA plan.
7.0 e	<p><u>THE PROJECTED NUMBER OF PROJECT BASED UNITS</u></p> <p>Under the Project Based Voucher (PBV) regulations, the BHA has the option to convert up to 20% of our tenant based voucher allocation to project based assistance. With the BHA’s present portfolio size of 14,030 tenant-based units, 20% would equate to 2806 units.</p> <p>By the end of BHA Fiscal Year 2014, the BHA anticipates that it will have 1465 units under contract in its PBV Program.</p>
7.0 e	<p>The BHA may grant project base vouchers only if the contract is consistent with the goals of deconcentrating poverty and expanding housing and economic opportunities. Projects may not be sited in areas where the census data reflects a poverty rate of greater than 20% unless there is evidence that the project will further deconcentration goals.</p> <p>All of the BHA’s Project Based Vouchers under lease have met HUD’s requirements listed above regarding the location of projects.</p>
7.0 e	<p><u>FUTURE SITING OF SECTION 8 BASED VOUCHER PROJECTS: STRATEGIC INVESTMENT</u></p> <p>The PBV rules permit a PHA to give an award of PBV vouchers if a developer has successfully obtained financing from other competitive rounds; where an award of PBV assets was not contemplated. In the event that resources permit and an otherwise qualified project is presented, the BHA reserves the ability to review individual requests. Presently no firm plan to promulgate a funding round for PBVs. All units must serve homeless households and/or elderly / disabled households.</p> <p>Were the BHA to site future PBVs, the project should have strategic importance for the social or economic well being of the community. This should be demonstrated both by an analysis of how the proposed project will meet a specific community need as well as by the level of public support for the project. By necessity, this will vary depending on the type of project being proposed. The following guidelines should be considered:</p>

7.0 e	<p><u>Construction type:</u> New construction projects have the greatest physical impact on the surrounding community, and thus should provide a clear justification for the choice of location and how the project will impact (positively or negatively) the immediate surrounding neighborhood. Adaptive reuse projects should justify the impact of the converted use on the surrounding area. The rehabilitation of vacant/abandoned buildings should explain why the particular building(s) was selected and the impact its restoration will have on nearby properties and the neighborhood. Preservation projects of occupied buildings generally may or may not have any impact on the surrounding neighborhood. Finally, larger projects of any type tend to have greater impacts than smaller projects.</p>
7.0 e	<p><u>Neighborhood needs:</u> Neighborhood needs can be demonstrated in several ways. The most significant method, for example, is when the project is the outcome of a participatory neighborhood planning process that has identified the strategic importance of specific sites and buildings as part of a larger neighborhood development plan. A similar though less formal method is when a building or site has been identified by a community group as very important for redevelopment (e.g. perhaps it is a major eyesore at a key location) Neighborhood needs may also be supported by data that demonstrate there is a shortage of a particular housing type (e.g. units for single people, large families, etc.).</p>
7.0 e	<p><u>Citywide needs:</u> If the project is intended to serve more of a citywide housing need -- for example, supportive housing for the disabled, elderly, and/or homeless -- the applicant should provide information supporting the need for that housing and as well as the choice of location versus other possible locations.</p>
7.0 e	<p><u>Community support:</u> Ideally, all projects will have already established firm community support. This is not always possible, however. The project should be able to demonstrate local neighborhood support and/or the support of citywide organizations, to the extent the project is serving a broader citywide need. If support has not been established at the time of application, the applicant must submit a plan for further outreach that is appropriate to the type of project being proposed. It is important for projects serving citywide needs to establish meaningful contact with local abutters and neighborhood organizations. It is also important to establish a greater level of support for projects that will have significant physical impacts (e.g. a large new construction project). Final funding commitments will be made only following successful completion of the outreach plan.</p>
7.0 e	<p><u>How Project Basing is Consistent with the PHA Plan</u> The BHA has elected to convert tenant-based assistance to project based assistance to encourage new construction and rehabilitation.</p> <p>Project based housing provides long term assets which are dedicated to housing persons of low income, as well as special needs tenants. These units will not experience fluctuations in availability and price to which the general housing market is subject.</p>
8.0	<p>Capital Improvements. Please complete Parts 8.1 through 8.3, as applicable.</p>

8.1	<p>Capital Fund Program Annual Statement/Performance and Evaluation Report. As part of the PHA 5-Year and Annual Plan, annually complete and submit the <i>Capital Fund Program Annual Statement/Performance and Evaluation Report</i>, form HUD-50075.1, for each current and open CFP grant and CFFP financing.</p> <p>Per the Public Housing Capital Fund Final Rule, published 10/24/2013 and effective as of 11/25/2013, BHA is not required to submit P&Es for the open grants or the estimated Annual Statement for CFP14 as part of the Annual Plan. See 24CFR Part 905.300 (7) and (8) (page 63777 of the Federal Register). P&Es for FY10, 11, 12, and 13 are on file at BHA. The proposed CFP14 Annual Statement was available during the Annual Plan public comment and hearing period and will be submitted to HUD when the ACC becomes available later this year.</p>
8.2	<p>Capital Fund Program Five-Year Action Plan. As part of the submission of the Annual Plan, PHAs must complete and submit the <i>Capital Fund Program Five-Year Action Plan</i>, form HUD-50075.2, and subsequent annual updates (on a rolling basis, e.g., drop current year, and add latest year for a five year period). Large capital items must be included in the Five-Year Action Plan. BHA did not develop a new Five-Year Action Plan this year. Please see the approved Five-Year Action Plan that was submitted with the FY13 Annual Agency Plan last year. This years FY14 Annual Statement is essentially excerpted from Year Two of that previously-approved Five –Year Plan.</p> <p>A new Five-Year Plan requires that a new physical needs assessment (PNA) be completed first. Typically the BHA performs a new PNA every year. However, this year HUD was trying to institute a new nation-wide PNA format which ultimately became delayed due to funding cuts and other issues; it is now expected to be implemented next year but the timing is still not definite. BHA has already invested a large amount of staff time on training, data collection and IT planning for this new tool and will continue to commit even larger amounts to complete the new system. Consequently it seemed a waste of dwindling resources to split our efforts between two different PNA systems this year. As a result we will simply continue into Year Two of the 5-Year Plan which was developed last year. BHA expects to complete a new PNA and Five Year Plan this coming year for FY15.</p>
8.3	<p>Capital Fund Financing Program (CFFP). <input checked="" type="checkbox"/> Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to finance capital improvements.</p>
9.0	<p>Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.</p>

9.0 A. Housing Needs of Families in the Jurisdiction/s Served by the PHA
 Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

9.1	<p>Strategy for Addressing Housing Needs. Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.</p>		

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

9.1

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)
Continue to develop and implement the BHA's Approach to Preservation and 5-year Sustainability Plan. The BHA is engaging in partnerships with other agencies to better service the needs of our population and created family supported housing programs.

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

9.1

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)
Utilize Replacement Housing Factor funds to create new public housing units. BHA is eager to pursue any and all sources for the preservation and/or creation of new public housing units. This may include private and public sources, funds for housing specific populations, funds for "green" (energy-efficient and healthy) affordable housing, etc. We welcome specific suggestions.

9.1	<p>Need: Specific Family Types: Families at or below 30% of median</p> <p>Strategy 1: Target available assistance to families at or below 30 % of AMI</p> <p>Select all that apply</p> <p><input type="checkbox"/> Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing. <i>However, given the demographics of the public housing wait list it is anticipated that new admissions at or below 30% of median area income will significantly exceed 40%.</i></p> <p><input type="checkbox"/> Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance. <i>However, given the demographics of the public housing wait list it is anticipated that new admissions at or below 30% of median area income will significantly exceed 40%.</i></p> <p><input checked="" type="checkbox"/> Employ admissions preferences aimed at families with economic hardships</p> <p><input checked="" type="checkbox"/> Adopt rent policies to support and encourage work</p> <p><input type="checkbox"/> Other: (list below)</p>

<p>10.0</p>	<p>Additional Information. Describe the following, as well as any additional information HUD has requested.</p> <p>(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA’s progress in meeting the mission and goals described in the 5-Year Plan. See Five-Year Plan Progress Report</p> <p>(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA’s definition of “significant amendment” and “substantial deviation/modification”</p>

Definition of “Substantial Deviation” and “Significant Amendment or Modification”:

In the Final Rule issued on 12/14/99, HUD provides that, while PHAs may change or modify their plans or policies described in them, any “significant amendment or modification” to the plan would require PHAs to submit a revised PHA plan that has met full public process requirements. The statute also requires that PHAs define “significant amendment or modification” of the Annual Plan and “substantial deviation” from the 5-Year Plan themselves, by stating the basic criteria for such definitions in an annual plan that has met full public process requirements, including Resident Advisory Board review. The BHA will consider the following actions to be significant amendments or modifications:

10.
0

- A change which would significantly effect current rent or admissions policies or organization of a waiting list in the Public Housing programs;
- A change which would significantly effect current rent policies in the Section 8 Program;
- A change to admission policies or organization of a waiting list in the Section 8 Program which would impact more than 5% of the total number of HCVP vouchers in the BHA’s portfolio.
- Additions of non-emergency work items not included in the current Annual Statement, 5-Year Action Plan, over \$3 million or 10% of total CFP, whichever is greater, or change in use of replacement reserve funds under the Capital Fund;
- A substantial change to the demolition or disposition, designation, homeownership programs or conversion activities as described in the presently approved Agency or Five-Year Plan.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements or federal statutory requirements; such changes will not be considered significant amendments by HUD.
