

RESIDENT SERVICE COORDINATORS

The BHA's Elderly and Disabled Resident Service Coordinators have been trained to:

- perform need assessments and make appropriate referrals for services
- access services to enhance tenancy and independent life
- coordinate services for home bound frail elderly/disabled
- help residents to access services that enhance quality of life
- assist in crisis intervention with tenants at risk
- advocate and act as liaison with management, family, health providers, and community agencies.

TRANSPORTATION

Public transportation is easily accessible via buses that stop directly in front of the building. The Stony Brook and Jackson Square MBTA stations are also located close by.

THE RIDE, a door-to-door transportation service provided by the MBTA, is available for those who qualify.

Also, a city-operated shuttle is available for residents to go to doctor's appointments and grocery shopping.
