If yes, please describe: Internal Control - During the audit of the Authority’s basic financial statements as of and for the year ended March 31, 2017, the Authority was continuing to post journal entries and reconcile account balances as late as December 2017 to close their books. There were approximately 40 account balance adjustments provided to the auditors between August 2017 and late December 2017 which are the result of accounts not being closed and reconciled in a timely manner. The lack of a timely close delayed the financial statement preparation and completion of the financial statement audit. The auditors were not provided draft financial statements until mid-December 2017, approximately nine months after year-end.
