Section B.1 Revision of PHA Plan Elements

1. Housing Needs of Families in the Jurisdiction/s Served by the PHA and Strategy for Addressing Housing Needs

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

**Strategy for Addressing Housing Needs.** Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year.  

*Note:* Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.

Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency’s reasons for choosing this strategy.

1. **Strategies**

   **Need:** Shortage of affordable housing for all eligible populations

   **Strategy 1.** Maximize the number of affordable units available to the PHA within its current resources by:

   Select all that apply

   _X_: Employ effective maintenance and management policies to minimize the number of public housing units off-line

   _X_: Reduce turnover time for vacated public housing units Reduce time to renovate public housing units

   _X_: Seek replacement of public housing units lost to the inventory through mixed finance development

   _X_: Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources

   _X_: Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction

   _X_: Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required

   _X_: Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
X: Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program

X: Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

X: Other (list below)
   The BHA is engaging in partnerships with other agencies to better service the needs of our population and create family supported housing programs.

Strategy 2: Increase the number of affordable housing units by:
Select all that apply:

X: Apply for additional section 8 units should they become available

X: Leverage affordable housing resources in the community through the creation of mixed-finance housing

X: Pursue housing resources other than public housing or Section 8 tenant-based assistance.

X: Other: (list below)

Add market uses to sites where appropriate to help preserve affordable units 1:1.

Utilize Replacement Housing Factor Funding funds to create new public housing units. BHA is eager to pursue any and all sources for the preservation and/or creation of new public housing units. This may include private and public sources, funds for housing specific populations, funds for “green” (energy-efficient and healthy) affordable housing, etc. We welcome specific suggestions.

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30% of AMI

Select all that apply

X: Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing. However, given the demographics of the public housing wait list it is anticipated that new admissions at or below 30% of median area income will significantly exceed 40%.

X: Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance. However, given the demographics of the Section 8 Tenant-Based wait list, it is anticipated that new admissions at or below 30% of median area income will significantly exceed 40%.

X: Employ admissions preferences aimed at families with economic hardships

X: Adopt rent policies to support and encourage work

X: Other: (list below)

Need: Specific Family Types: Families at or below 50% of median

**Need: Specific Family Types: The Elderly**

**Strategy 1: Target available assistance to the elderly:**

Select all that apply

- X: Seek designation of public housing for the elderly
- X: Apply for special-purpose vouchers targeted to the elderly, should they become available
- X: Other: (list below)

   - Housing Chronically Homeless Elders (age 62 or older)
   - When possible, develop additional units for low-income elders

**Need: Specific Family Types: Families with Disabilities**

**Strategy 1: Target available assistance to Families with Disabilities:**

Select all that apply

- X: Implementing preference for disabled persons in family public housing
- X: Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- X: Affirmatively market to local non-profit agencies that assist families with disabilities
- X: Other: (list below)

   - Provide preference to developers seeking Section 8 Project Based Vouchers in developments that provide services for families with disabilities.

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

___: Affirmatively market to races/ethnicities shown to have disproportionate housing needs

_X_: Other: (list below)

As necessary affirmatively market to races/ethnicities shown to have disproportionate needs in the administration of site based waiting lists in the public housing program (see ACOP).

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

_X_: Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units

_X_: Market the section 8 program to owners outside of areas of poverty /minority concentrations

_X_: Other: (list below)

Actively participate with the City of Boston in the development of an Assessment of Fair Housing and implementation of the Consolidated Housing Plan for the City of Boston. In the year ahead, the BHA also plans to affirmatively further fair housing by implementing an Expanding Choice in Housing Opportunities (ECHO) five-year pilot program to assist 100-200 voucher-holders in overcoming barriers to leasing up in neighborhoods of their choice around the metro region.

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA’s selection of the strategies it will pursue:

- X: Funding constraints
- X: Staffing constraints
- X: Limited availability of sites for assisted housing
- X: Extent to which particular housing needs are met by other organizations in the community
- X: Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- X: Influence of the housing market on PHA programs
- X: Community priorities regarding housing assistance
- X: Results of consultation with local or state government
- X: Results of consultation with residents and the Resident Advisory Board
- X: Results of consultation with advocacy groups
- ___: Other: (list below)
2. Eligibility, Selection and Admissions Policies, including Deconcentration and Wait list Procedures

A. Public Housing

Exemptions: PHAs that do not administer public housing are not required to complete this subcomponent.

(1) Eligibility

a. When does the PHA verify eligibility for admission to public housing? (select all that apply)
   - ___: When families are within a certain number of being offered a unit: (state number)
   - ___: When families are within a certain time of being offered a unit: (state time)
   - ___: Other: (describe) At the time of preliminary application as well as when the applicant nears the top of the wait list. In addition the BHA verifies eligibility for admission for proposed additions to current households’ family composition, personal care attendants/live-in aides, and for residual tenancy applicants.

   b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing (select all that apply)?
      - ___: Criminal or Drug-related activity
      - ___: Rental history
      - ___: Housekeeping which may include home visits when negative housekeeping history is documented
      - ___: Other (describe) behavior towards landlords, neighbors, BHA staff, treatment of property, credit history, utility payment history, and eligible immigration status In addition the BHA will comply with the HUD’s Enterprise Income Verification (EIV) reporting for bad debts requirements and checking eviction history when reported through the EIV system.

   c. ___: Yes ___: No: Does the PHA request criminal records from local law enforcement agencies for screening purposes?

   d. ___: Yes ___: No: Does the PHA request criminal records from State law enforcement agencies for screening purposes?

   e. ___: Yes ___: No: Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC- authorized source) The BHA uses the Dru Sjodin –SORI- and the National Sex Offender Registry. The BHA also obtain criminal records from out of state for applicants who have resided outside of Massachusetts. The BHA obtains out of state criminal records in compliance of each state’s criminal check request requirements including Puerto Rico.

(2) Waiting List Organization
a. Which methods does the PHA plan to use to organize its public housing waiting list (select all that apply)
   ___: Community-wide list
   ___: Sub-jurisdictional lists
   X: Site-based waiting lists
   ___: Other (describe)

b. Where may interested persons apply for admission to public housing?
   X: PHA main administrative office
   X: PHA development site management office (obtain information)
   X: Other: by mail, if out of state or as a reasonable accommodation

   May obtain application information by phone, via e-mail, and by downloading forms from the BHA website (www.bostonhousing.org). Applications may be mailed for those living out of state or as a reasonable accommodation.

c. If the PHA plans to operate one or more site-based waiting lists in the coming year, answer each of the following questions; if not, skip to subsection (3) Assignment

   1. How many site-based waiting lists will the PHA operate in the coming year? 50 public housing; and 5 HOPE VI and 1 at Franklin Hill and Anne M. Lynch Homes at Old Colony privately operated by the owners.
   2. ___: Yes  X: No: Are any or all of the PHA’s site-based waiting lists new for the upcoming year (that is, they are not part of a previously-HUD- approved site based waiting list plan)?
      If yes, how many lists?
   3. X: Yes  ___: No: May families be on more than one list simultaneously?
      If yes, how many lists? All lists for which they meet the threshold eligibility criteria.
   4. Where can interested persons obtain more information about and sign up to be on the site-based waiting lists (select all that apply)?
      X: PHA main administrative office
      X: All PHA development management offices (obtain information)
      X: Management offices at developments with site-based waiting lists
      X: At the development to which they would like to apply
      X: Other: Obtain information by visiting the BHA’s website (www.bostonhousing.org), by mail, phone, via e-mail and or online through the Common Housing Application for Massachusetts Public Housing (CHAMP) website. HOPE VI and other mixed finance
redevelopment sites – Mission Main, Orchard Gardens, Orchard Commons, Washington Beech, Maverick Landing, Franklin Hill, and Anne M. Lynch Homes at Old Colony Phase I, II, III, and IV and any other future public housing property converted with mixed finance - maintain and establish their own waiting lists for public housing units. Waiting lists for all Section 8 project-based voucher and Moderate Rehabilitation units, however, are maintained by BHA. In addition, the BHA will maintain the public housing and Section 8 Project-Based waiting lists for Heritage and Lower Mills as well as for any other BHA public housing property converted to Section 8 Project-Based Voucher.

(3) Assignment

a. How many vacant unit choices are applicants ordinarily given before they fall to the bottom of or are removed from the waiting list? (select one)
   - X: One
   - ___: Two
   - ___: Three or More

b. X: Yes ___: No: Is this policy consistent across all waiting list types?

c. If answer to b is no, list variations for any other than the primary public housing waiting list/s for the PHA:

(4) Admissions Preferences

a. Income targeting: X: Yes ___: No: Does the PHA plan to exceed the federal targeting requirements by targeting more than 40% of all new admissions to public housing to families at or below 30% of median area income? However, given the demographics of the public housing wait list it is anticipated that new admissions at or below 30% of median area income will significantly exceed 40%.

b. Transfer policies:
   In what circumstances will transfers take precedence over new admissions? (list below)
   - X: Special Circumstances (Every other fourth unit by Bedroom Size by Development will be offered to Special Circumstances Transfers)
   - X: Overhoused: (by 2 or more bedrooms are considered as Administrative Transfers)
   - X: Underhoused: (by 3 or more bedrooms are considered Special Circumstances Transfers)
   - X: Medical justification: (in a life threatening situation)
   - X: Administrative reasons determined by the PHA (e.g., to permit modernization work, address severe over housing, make apartments with special features available to persons with disabilities, address safety needs due to domestic violence related matters, etc.)
   - X: Resident choice: (state circumstances below) Elderly/Disabled living in family housing transfer to elderly/disabled housing; Non-Elderly Disabled residing in Elderly/Disabled Housing Transfer

Supplement to HUD Form 50075-ST(1): Plan Elements

Annual Plan 2019 Amendment 2

4. Rent Determination

A. Public Housing

Exemptions: PHAs that do not administer public housing are not required to complete this sub-component.

(1) Income Based Rent Policies

Describe the PHA’s income based rent setting policy/ies for public housing using, including discretionary (that is, not required by statute or regulation) income disregards and exclusions, in the appropriate spaces below.

a. Use of discretionary policies: (select one)

   ___: The PHA will not employ any discretionary rent-setting policies for income based rent in public housing. Income-based rents are set at the higher of 30% of adjusted monthly income, 10% of unadjusted monthly income, the welfare rent, or minimum rent (less HUD mandatory deductions and exclusions). (If selected, skip to sub-component (2))

   ---or---

   X: The PHA employs discretionary policies for determining income based rent (If selected, continue to question b.)

b. Minimum Rent

   1. What amount best reflects the PHA’s minimum rent? (select one)

      X: $0
      ___: $1-$25
      ___: $26-$50

   2. ___: Yes X: No: Has the PHA adopted any discretionary minimum rent hardship exemption policies?

   3. If yes to question 2, list these policies below:

   c. Rents set at less than 30% than adjusted income

      1. ___: Yes X: No: Does the PHA plan to charge rents at a fixed amount or percentage less than 30% of adjusted income?

      2. If yes to above, list the amounts or percentages charged and the circumstances under which these will be used below:

   d. Which of the discretionary (optional) deductions and/or exclusions policies

Supplement to HUD Form 50075-ST(1): Plan Elements
does the PHA plan to employ (select all that apply)
___: For the earned income of a previously unemployed household member
___: For increases in earned income (between annual recertifications)
___: Fixed amount (other than general rent-setting policy)
   If yes, state amount/s and circumstances below:
___: Fixed percentage (other than general rent-setting policy)
   If yes, state percentage/s and circumstances below:
___: For household heads
___: For other family members
___: For transportation expenses
   X: For the non-reimbursed medical expenses of non-disabled or non-elderly families
___: Other (describe below)

e. Ceiling rents

1. Do you have ceiling rents? (rents set at a level lower than 30% of adjusted income) (select one)
   ___: Yes for all developments
   X: Yes but only for some developments
   ___: No

2. For which kinds of developments are ceiling rents in place? (select all that apply)
   X: For all developments (includes family and elderly/disabled developments; excludes HOPE VI and redeveloped properties)
   ___: For all general occupancy developments (not elderly or disabled or elderly only)
   ___: For specified general occupancy developments
   ___: For certain parts of developments; e.g., the high-rise portion
   ___: For certain size units; e.g., larger bedroom sizes
   ___: Other (list below)

3. Select the space or spaces that best describe how you arrive at ceiling rents (select all that apply)
   ___: Market comparability study
   ___: Fair market rents (FMR)
   ___: 95th percentile rents

___: 75 percent of operating costs
___: 100 percent of operating costs for general occupancy (family) developments
___: Operating costs plus debt service
___: The “rental value” of the unit
X: Other (list below) Set at Flat Rent levels for each bedroom size (80% of Fair Market Rent)

f. Rent re-determinations:

1. Between income reexaminations, how often must tenants report changes in income or family composition to the PHA such that the changes result in an adjustment to rent? (select all that apply)
   ___: Never
   X: At family option (if income decreases)
   ___: Any time the family experiences an income increase
   X: Any time a family experiences an income increase above a threshold amount or percentage: (if selected, specify threshold) $200/month
   ___: Other (list below)

g. ___: Yes X: No: Does the PHA plan to implement individual savings accounts for residents (ISAs) as an alternative to the required 12 month disallowance of earned income and phasing in of rent increases in the next year?

(2) Flat Rents

1. In setting the market-based flat rents, what sources of information did the PHA use to establish comparability? (select all that apply.)
   X: The section 8 rent reasonableness study of comparable housing
   ___: Survey of rents listed in local newspaper
   ___: Survey of similar unassisted units in the neighborhood
   X: Other (list/describe below) HOPE VI sites set their own flat rents. For updated flat rent information, contact the respective management offices.

The Boston Housing Authority will set the flat rental amount for each public housing unit that complies with the requirement that all flat rents be set at no less than 80 percent of the applicable Fair Market Rent (FMR) adjusted, if necessary, to account for reasonable utilities costs. For current program participants that pay the flat rental amount, the new flat rental amount will be offered, as well as the income-based rental amount, at the next annual rental option.

The Boston Housing Authority will place a cap on any increase in a family's
rental payment that exceeds 35 percent, and is a result of changes to the flat rental amount as follows:

- Multiply the existing flat rental payment by 1.35 and compare that to the updated flat rental amount;
- The BHA will present two rent options to the family as follows:
  - the lower of the product of the calculation and the updated flat rental amount; and
  - the income-based rent.

The Flat rent amount by bedroom size will be reviewed yearly each October and any necessary changes will become effective by 1st of January. The BHA will maintain a current listing of its flat rent schedule as an appendix to the BHA Rent Manual and will provide this list to residents at least annually as part of the TSR process.

A. Financial Hardship: Residents who choose flat rents may request to change to an income-based rent at any time if the family is unable to pay the flat rent because of financial hardship. A financial hardship exists for these purposes when a family’s income is reduced or their deductions are increased to the extent that an income-based rent is lower than the flat rent.

B. Section 8 Tenant-Based Assistance
Exemptions: PHAs that do not administer Section 8 tenant-based assistance are not required to complete this sub-component. Unless otherwise specified, all questions in this section apply only to the tenant-based section 8 assistance program (vouchers, and until completely merged into the voucher program, certificates).

(1) Payment Standards
Describe the voucher payment standards and policies.

a. What is the PHA’s payment standard? (select the category that best describes your standard)
   ___: At or above 90% but below 100% of FMR
   ___: 100% of FMR
   X: Above 100% but at or below 110% of FMR
   ___: Above 110% of FMR (if HUD approved; describe circumstances below)

b. If the payment standard is lower than FMR, why has the PHA selected this standard? (select all that apply)
   ___: FMRs are adequate to ensure success among assisted families in the PHA’s segment of the FMR area

**Note:** Sample contracts with management companies have been included with the Agency Plan supporting documents available in the Planning Department. In addition, the management assessment form used to evaluate performance at each site for both private management companies and in-house managers is available. Resident input in the evaluation of private management companies is considered.
through 1-2 private meetings with the resident organizations during the term of the contracts and prior to selection of contractors during contract renewal processes. Regular interaction between Local Tenant Organizations and BHA supervisory staff informs and guides in assessing management performance at sites directly managed by the BHA.

****Section 3 is a provision of the Housing and Urban Development (HUD) Act of 1968 that helps foster local economic development, neighborhood economic improvement, and individual self-sufficiency. The Section 3 program requires that recipients of certain HUD financial assistance, to the greatest extent feasible, provide job training, employment, and contracting opportunities for low- or very-low income residents in connection with projects and activities in their neighborhoods. Section 3 residents are:

• Public housing residents or
• Persons who live in the area where a HUD-assisted project is located and who have a household income that falls below HUD’s income limits.

-NA- These programs provide assistance to all eligible applicants so turnover rates are not applicable.

C. Management and Maintenance Policies

List the PHA’s public housing management and maintenance policy documents, manuals and handbooks that contain the Agency’s rules, standards, and policies that govern maintenance and management of public housing, including a description of any measures necessary for the prevention or eradication of pest infestation.
(which includes cockroach infestation) and the policies governing Section 8 management.

• Section 8 Moderate Rehabilitation Administrative Plan
6. **Grievance Procedure**

Exemptions from this component: High performing PHAs are not required to complete component 6. Section 8-Only PHAs are exempt from sub-component 6A.

A. Public Housing

1. □ ☑ Yes ☐ No: Has the PHA established any written grievance procedures in addition to federal requirements found at 24 CFR Part 966, Subpart B, for residents of public housing?

   If yes, list additions to federal requirements below:

   Residents seeking a grievance hearing are afforded the option of electing to have a hearing before a Grievance Hearing Panel or a Hearing Officer.

   Decisions of the Grievance Panel or a Hearing Officer (except those relating to an eviction) may be appealed to a designee of the Administrator.

   In addition, Grievance Procedures are developed for each redevelopment site that transition to private ownership. The BHA worked with residents and owners from these sites and created a consistent, universal Mixed Finance Site Grievance Procedure.

   Also see Section 19 of the Plan Supplement: Conversion of Public Housing to Project-Based Assistance under RAD for further information on Resident Rights, Participation, Waiting List and Grievance Procedures.

2. Which PHA office should residents or applicants to public housing contact to initiate the PHA grievance process? (select all that apply)

   ☑ X: PHA main administrative office

   ☑ X: BHA Department of Grievances and Appeals Hearing Panel Coordinator

   ☑ X: PHA development management offices

   ☐ X: Other (list below): For sites owned and managed by private companies (the “Mixed Finance” sites), management offices at those sites.

B. Section 8 Tenant-Based Assistance

1. □ ☑ Yes ☐ No: Has the PHA established informal review procedures for applicants to the Section 8 tenant-based assistance program and informal hearing procedures for families assisted by the Section 8 tenant- based assistance program in addition to federal requirements found at 24 CFR 982?

   If yes, list additions to federal requirements below: Please refer to Section 8

B. Section 8 Tenant Based Assistance

1. **X**: Yes  ____: No: Does the PHA plan to administer a Section 8 Homeownership program pursuant to Section 8(y) of the U.S.H.A. of 1937, as implemented by 24 CFR part 982? (If “No”, skip to next component; if “yes”, describe each program using the table below (copy and complete questions for each program identified), unless the PHA is eligible to complete a streamlined submission due to high performer status. High performing PHAs may skip to next component.)

2. Program Description: In accordance with the regulations promulgated by the Secretary of the United States Department of Housing and Urban Development, the Boston Housing Authority has implemented a Housing Choice Voucher Homeownership program. The mission of the Authority is to provide homeownership possibilities, self-sufficiency training and support, and facilitate community growth, while providing parameters which will attempt to minimize defaults which consequently have a negative impact on both the family and the community.

The Leased Housing Department has partnered with the City of Boston’s Department of Neighborhood Development. DND has an established First Time Home Buyers program. By partnering with our sister agency, the Leased Housing Division has dramatically expedited the implementation of this program. The partnership has strengthened and effectively broadened the impact of homeownership opportunities within the City by providing services, support and expertise in a myriad of areas.

ELIGIBILITY ISSUES
The homeownership option has and will continue to be offered to families participating in the Housing Choice Voucher Program and the Family Self-Sufficiency Program (FSS). A successful graduate of the FSS Program may also be eligible for homeownership.

APPLICATION PROCESS
Families applying or participating in the Housing Choice Voucher Program who indicate homeownership interest will have their eligibility determined by the Leased Housing Department’s Section 8 personnel. At the same time, the family will be referred to a HUD approved housing counseling agency, primarily to DND’s First Time Home Buyers Program or a similarly qualified agency, for the purpose of learning about the various responsibilities of owning a home. The topics may include, but not be limited to the following: home maintenance, budgeting and money management, credit counseling, financing, homeownership opportunities, fair housing lending and real estate settlement procedures. If necessary, the Authority may offer additional homeownership counseling to participants and has discretion to require the family to participate in ongoing counseling.

Supplement to HUD Form 50075-ST(1): Plan Elements 39
a. Size of Program
___: Yes  _X_: No: Will the PHA limit the number of families participating in the section 8 homeownership option?

If the answer to the question above was yes, which statement best describes the number of participants? (select one)
___: 25 or fewer participants
___: 26 - 50 participants
___: 51 to 100 participants
___: more than 100 participants

b. PHA-established eligibility criteria
   _X_: Yes  ___: No: Will the PHA’s program have eligibility criteria for participation in its Section 8 Homeownership Option program in addition to HUD criteria?

If yes, list criteria below:

To be eligible to participate in the BHA’s Section 8 Homeownership Program the family must:

• Must be a Section 8 participant in good standing in the BHA's Section 8 program.

• Must be a Family Self Sufficiency program participant (or graduate) and have remained a participant in good standing with respect to the contractual goals and requirements of the family’s FSS Individual Training and Service Plan.

• Meet all eligibility criteria as described in the Section 8 Homeowner Administrative Plan.

• Attend homeownership counseling prior to purchase and post-purchase as offered by BHA-approved counseling agencies.

• Secure financing through a lender acceptable to the BHA.

• Be able to make the monthly payment of the family’s portion of the mortgage payment.

• Sign a release allowing the BHA to exchange information with the lender and the lender with the BHA.

• Provide a down payment of at least three percent (3%) of the purchase price.

• Enter into a “Purchase and Sale Agreement” for a home within 180 days of receiving a homeownership voucher, provided the financing commitment has not expired prior to that date.
• Sign an acknowledgment form that the family becomes obligated for the whole mortgage payment in the event of termination of assistance.

• Agree that the family may not enter into an agreement to sell or refinance the home unless the BHA has first approved the sale or the refinance.

• Sign an acknowledgment form that the family will continue to comply with the appropriate provisions of the HUD Section 8 Rental Assistance regulations, family obligations and the BHA's Section 8 rental assistance and homeownership administrative plans.

• Agree to maintain the condition of the home so as to comply with HUD Housing Quality Standards (HQS) (although the BHA will not inspect the home annually for HQS compliance).
8. Community Service and Self-Sufficiency

Exemptions from this Component: High performing and small PHAs are not required to complete this component. Section 8-Only PHAs are not required to complete sub-component C.

A. PHA Coordination with the Welfare (TANF) Agency

1. Cooperative agreements:
   ___: Yes    X: No: Has the PHA entered into a cooperative agreement with the TANF Agency, to share information and/or target supportive services (as contemplated by section 12(d)(7) of the Housing Act of 1937)?

   If yes, what was the date that agreement was signed? DD/MM/YY

2. Other coordination efforts between the PHA and TANF agency (select all that apply)
   X: Client referrals
   X: Information sharing regarding mutual clients (for rent determinations and otherwise)
   X: Coordinate the provision of specific social and self-sufficiency services and programs to eligible families
   ___: Jointly administer programs
   ___: Partner to administer a HUD Welfare-to-Work voucher program
   ___: Joint administration of other demonstration program
   ___: Other (describe)

B. Services and programs offered to residents and participants

(1) General
   a. Self-Sufficiency Policies

   Which, if any of the following discretionary policies will the PHA employ to enhance the economic and social self-sufficiency of assisted families in the following areas? (select all that apply)
   X: Public housing rent determination policies
   ___: Public housing admissions policies
   X: Section 8 admissions policies
   X: Preference in admission to section 8 for certain public housing families
   X: Preferences for families working or engaging in training or education programs for non-housing programs operated or coordinated by the PHA
   ___: Preference/eligibility for public housing homeownership option participation
   X: Preference/eligibility for section 8 homeownership option participation
   ___: Other policies (list below)

   b. Economic and Social self-sufficiency programs

   X: Yes    ___: No: Does the PHA coordinate, promote or provide any programs
to enhance the economic and social self-sufficiency of residents? (If “yes”, complete the following table; if “no” skip to sub-component 2, Family Self Sufficiency Programs. The position of the table may be altered to facilitate its use.)

***Section 3 is a provision of the Housing and Urban Development (HUD) Act of 1968 that helps foster local economic development, neighborhood economic improvement, and individual self-sufficiency. The Section 3 program requires that recipients of certain HUD financial assistance, to the greatest extent feasible, provide job training, employment, and contracting opportunities for low- or very-low income residents in connection with projects and activities in their neighborhoods. Section 3 residents are:

- Public housing residents or
- Persons who live in the area where a HUD-assisted project is located and who have a household income that falls below HUD’s income limits.

Boston Housing Authority
Supplement to HUD Form 50075-ST(1): Plan Elements

Annual Plan 2019 Amendment 2
January 40 October 15, 2019
PUBLIC HOUSING
COMMUNITY SERVICE REQUIREMENTS

In compliance with the Quality Housing and Work Responsibility Act of 1998, the Boston Housing Authority has developed a policy to administer the resident community service requirement. This policy describes the community service requirement and includes the following provisions:

- Definitions of community service and economic self-sufficiency
- How residents will be notified
- Definitions of exemptions from participation
- How the exemptions will be verified, both at the beginning of the program and as an ongoing part of program administration
- How compliance will be determined
- How non-compliance will be treated
- BHA’s cooperation with other organizations.

BHA’s residential lease includes the community service requirement and a community service policy has been approved as part of the ACOP. Residents became subject to the requirement on October 31, 2003. Each year at the time of their annual recertification resident compliance with the community service requirement will be determined and exemption status will be re-verified. Residents will be notified of this at least 90 days before the recertification date and required documentation will be specified in the notice. If a resident does not complete community service as required he or she will have one additional year to make up the required service. If the non-compliant resident does not do so or leave the unit, lease termination proceedings will commence.

The policy includes a description of qualifying work and self-sufficiency activities. These activities include but are not limited to: unsubsidized employment, subsidized private or public sector employment, on the job training, job search and job readiness assistance, vocational educational training, job skills training, education directly related to employment, attendance at a secondary school or GED program or provision of child care services to an individual participating in a community service program.
9. Safety and Crime Prevention

Exemptions from this Component: High performing and small PHAs not participating in PHDEP and Section 8 Only PHAs may skip to the next component. High Performing and small PHAs that are participating in PHDEP and are submitting a PHDEP Plan with this PHA Plan may skip to sub-component D.

A. Need for measures to ensure the safety of public housing residents

1. Describe the need for measures to ensure the safety of public housing residents (select all that apply)
   - High incidence of violent and/or drug-related crime in some or all of the PHA’s developments
   - High incidence of violent and/or drug-related crime in the areas surrounding or adjacent to the PHA’s developments
   - Residents fearful for their safety and/or the safety of their children
   - Observed lower-level crime, vandalism and/or graffiti
   - People on waiting list unwilling to move into one or more developments due to perceived and/or actual levels of violent and/or drug-related crime
   - Other: Incidence of alleged civil rights violations.

2. What information or data did the PHA used to determine the need for PHA actions to improve safety of residents (select all that apply).
   - Safety and security survey of residents
   - Analysis of crime statistics over time for crimes committed “in and around” public housing authority
   - Analysis of cost trends over time for repair of vandalism and removal of graffiti
   - Resident reports
   - PHA employee reports
   - Police reports
   - Demonstrable, quantifiable success with previous or ongoing anticrime/anti drug programs
   - Other: Regular consultation with Tenant Task Forces
   - Review of Civil Rights Administrative Report Forms
   - Consultation with Boston Police Department Community Disorders Unit

BOSTON HOUSING AUTHORITY VIOLENCE AGAINST WOMEN ACT (VAWA) POLICY

I. Purpose and Applicability

Notwithstanding its title, this policy is gender-neutral, and its protections are available to males who are victims of domestic violence, dating violence, or stalking as well as female victims of such violence.

The purpose of this policy (herein called “Policy”) is to implement the applicable provisions of the Violence Against Women and Department of Justice Reauthorization Act of 2013 (Pub. L. 113-4) and more generally to set forth BHA’s policies and procedures regarding domestic violence, dating violence, sexual assault and stalking, as hereinafter defined.

This Policy shall be applicable to the administration by BHA of all its federally subsidized public housing and Section 8 rental assistance programs under the United States Housing Act of 1937 (42 U.S.C. §1437 et seq.).

II. Goals and Objectives

This Policy has the following principal goals and objectives:

A. Maintaining compliance, including training of appropriate staff managing BHA properties, with all applicable legal requirements imposed by VAWA;

B. Participating, with others, in protecting the physical safety of victims of actual or threatened domestic violence, dating violence, sexual assault or stalking who are assisted by BHA;

C. Providing and maintaining housing opportunities for victims of domestic violence,
dating violence, sexual assault or stalking;

D. Cooperating, with others, in formation and maintenance of collaborative arrangements between BHA, law enforcement authorities, victim service providers, and others to promote the safety and well-being of victims of actual and threatened domestic violence, dating violence sexual assault and stalking, who are assisted by BHA; and

E. Responding in accordance with BHA policies and procedures to incidents of domestic violence, dating violence, sexual assault or stalking, affecting individuals assisted by BHA.

III. Other BHA Policies and Procedures

This Policy shall be referenced in and attached to BHA’s Five-Year Public Housing Agency Plan and, where appropriate, provisions consistent with this Policy shall be incorporated in and made a part of BHA’s Admissions and Continued Occupancy Policy (ACOP), BHA’s Section 8 Administrative Plan (Admin Plan), and other BHA policies. BHA’s annual public housing agency plan shall also contain information concerning BHA’s activities, services or programs relating to domestic violence, dating violence, sexual assault and stalking.

To the extent any provision of this policy shall contradict any previously adopted policy or procedure of BHA, the provisions of this Policy shall prevail.

IV. Definitions

As used in this Policy:

A. Domestic Violence – The term ‘domestic violence’ includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabiting with or has cohabited with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.”

B. Dating Violence – means violence committed by a person—
(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and
(B) where the existence of such a relationship shall be determined based on a consideration of the following factors:
(i) The length of the relationship.
(ii) The type of relationship.
(iii) The frequency of interaction between the persons involved in the relationship.
C. Stalking – means –
(A) (i) to follow, pursue, or repeatedly commit acts with the intent to kill, injure, harass, or intimidate another person; and (ii) to place under surveillance with the intent to kill, injure, harass or intimidate another person; and
(B) in the course of, or as a result of, such following, pursuit, surveillance or repeatedly committed acts, to place a person in reasonable fear of the death of, or serious bodily injury to, or to cause substantial emotional harm to –
(i) that person;
(ii) a member of the immediate family of that person; or
(iii) the spouse or intimate partner of that person;

D. Sexual assault – means, any nonconsensual sexual act proscribed by Federal, tribunal, or State law, including when the victim lacks capacity to consent;

E. Affiliated individual - means, with respect to a person –
(A) a spouse, parent, brother, sister, or child of that person, or an individual to whom that person stands in loco parentis; or
(B) any person, tenant, or lawful occupant living in the household of that person.

F. Perpetrator – means person who commits an act of domestic violence, dating violence, sexual assault or stalking against a victim.

V. Admissions and Screening

A. Denial of Assistance. BHA will not deny admission to public housing or to the Section 8 rental assistance program to any person because that person is or has been a victim of domestic violence, dating violence, sexual assault or stalking, provided that such person is otherwise qualified for such admission.

B. Admissions Preference. Applicants for Public Housing and Section 8 housing assistance from BHA will receive a priority in admission by virtue of their status as victims of domestic violence. This priority is described for Public Housing in the BHA’s ACOP and for Section 8 in its Admin Plan.

C. Mitigation of Disqualifying Information. When requested by an applicant for assistance whose history includes incidents in which the applicant was a victim of domestic violence, dating violence, sexual assault and/or stalking, BHA, may take such information into account in mitigation of potentially disqualifying information, such as poor credit history or previous damage to a dwelling. If requested by an applicant to take such mitigating information into account, BHA shall be entitled to conduct such inquiries as are reasonably necessary to verify the claimed history of domestic violence, dating violence, sexual assault and/or stalking and its probable relevance to the potentially disqualifying information. BHA may disregard or mitigate potentially disqualifying information if the applicant household includes a perpetrator of a previous incident or incidents of domestic violence, dating violence, sexual
assault and/or stalking.

VI. Termination of Tenancy or Assistance

A. VAWA Protections. Under VAWA, public housing residents, and persons assisted under the Section 8 rental assistance program, have the following specific protections, which will be observed by BHA in administration of its programs:

1. An incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking will not be considered to be a “serious or repeated” violation of the lease by the victim or threatened victim of that violence and will not be good cause for terminating the tenancy or occupancy rights of or assistance to the victim of that violence.

2. In addition to the foregoing, tenancy or assistance will not be terminated by BHA as a result of criminal activity, if that criminal activity is directly related to domestic violence, dating violence, sexual assault or stalking engaged in by a member of the assisted household, a guest or another person under the tenant’s control, and the tenant or an affiliated individual is the victim or threatened victim of this criminal activity. However, the protection against termination of tenancy or assistance described in this paragraph is subject to the following limitations:

(a) Nothing contained in this paragraph shall limit any otherwise available authority of BHA or a Section 8 owner or manager to terminate tenancy, evict, or to terminate assistance, as the case may be, for any violation of a lease or program requirement not premised on the act or acts of domestic violence, dating violence, sexual assault or stalking in question against the tenant or a member of the tenant’s household. However, in taking any such action, neither BHA nor a Section 8 manager or owner may apply a more demanding standard to the victim of domestic violence, dating violence, sexual assault or stalking than that applied to other tenants.

(b) Nothing contained in this paragraph shall be construed to limit the authority of BHA or a Section 8 owner or manager to evict or terminate from assistance any tenant or lawful applicant if the owner, manager or BHA, as the case may be, can demonstrate an actual and imminent threat to other tenants or to those employed at or providing service to the property, if the tenant is not evicted or terminated from assistance.

(c) Nothing contained in this paragraph shall limit any otherwise available authority of the BHA, or a Section 8 owner or manager to honor various court orders issued to either protect the victim or address the distribution of property in case of a household breaks up.

B. Removal of Perpetrator. Further, notwithstanding anything in paragraph VI.A.2. or Federal, State or local law to the contrary, BHA or a Section 8 owner or manager, as the case may be, may bifurcate a lease, or remove a household member from a lease, without regard to whether a household member is a signatory to a lease, in
order to evict, remove, terminate occupancy rights, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in acts of physical violence against an affiliated individual or other individual. Such action against the perpetrator of such physical violence may be taken without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also the tenant or an affiliated individual. Such eviction, removal, termination of occupancy rights, or termination of assistance shall be effected in accordance with the procedures prescribed by law applicable to terminations of tenancy and evictions by BHA. If such bifurcation occurs, and the removed tenant or lawful occupant was the sole tenant eligible to receive assistance the BHA will provide any remaining household member the opportunity to establish eligibility for housing.

Leases used for all public housing operated by BHA and leases for dwelling units occupied by families assisted with Section 8 rental assistance administered by BHA, shall contain provisions setting forth the substance of this paragraph or as required by the U.S. Department of Housing & Urban Development.

VII. Verification of Domestic Violence, Dating Violence, Sexual Assault, or Stalking

A. Requirement for Verification. For those seeking protection under this Policy, the law allows, but does not require, BHA or a section 8 owner or manager to verify that an incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking claimed by a tenant or an affiliated individual is bona fide and meets the requirements of the applicable definitions set forth in this policy. Subject only to waiver as provided in paragraph VII. C., BHA shall require verification in all cases where an individual claims protection against an action involving such individual proposed to be taken by BHA. If there is reason to believe that verification is incomplete or inaccurate, the BHA may require additional documentation of the incident(s). Such documentation requirement shall not place the victim in danger. As necessary, the BHA shall work with the victim to identify appropriate sources of documentation. Section 8 owners or managers receiving rental assistance administered by BHA may elect to require verification, or not to require it as permitted under applicable law.

Verification of a claimed incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking can be accomplished in one of the following three ways:

1. HUD-approved form - by providing to BHA or to the requesting Section 8 owner or manager a written certification, on a form approved by the U.S. Department of Housing and Urban Development (HUD) and available from BHA, that the individual is a victim of domestic violence, dating violence, sexual assault or stalking; that the incident or incidents in question are bona fide incidents of actual or
threatened abuse meeting the requirements of the applicable definition(s) set forth in this policy. The incident or incidents in question must be described in reasonable detail as required in the HUD-approved form, and the completed certification must include the name of the perpetrator. If there is reason to believe that the certification is incomplete or inaccurate, the BHA may require additional documentation of the incident(s). Such documentation requirement shall not place the victim in danger. As necessary, the BHA shall work with the victim to identify appropriate sources of documentation.

2. Other documentation – by providing to BHA or to the requesting Section 8 owner or manager documentation signed by an employee, agent, or volunteer of a victim service provider, an attorney, or a medical professional, from whom the victim has sought assistance in addressing the domestic violence, dating violence, sexual assault or stalking, or the effects of the abuse, described in such documentation or a record of an administrative agency or documentation signed by the applicant or tenant and a mental health professional from whom the applicant or tenant has sought assistance relating to domestic violence, sexual assault or stalking, or the effect of such actions, and states under penalty of perjury, that the mental health professional believes that the domestic violence, dating violence, sexual assault, or stalking meets the requirement found in VAWA 2013. A form is available from BHA. The professional providing the documentation must sign and attest under penalty of perjury (28 U.S.C. 1746) to the professional’s belief that the incident or incidents in question are bona fide incidents of abuse meeting the requirements of the applicable definition(s) set forth in this policy. The victim of the incident or incidents of domestic violence, dating violence, sexual assault or stalking described in the documentation must also sign and attest to the documentation under penalty of perjury.

3. Police or court record – by providing to BHA or to the requesting Section 8 owner or manager a Federal, State, tribal, territorial, or local police or court record describing the incident or incidents in question.

B. Time allowed to provide verification/ failure to provide. An individual who claims protection against adverse action based on an incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking, and who is requested by BHA, or a Section 8 owner or manager to provide verification, must provide such verification within 14 business days (i.e., 14 calendar days, excluding Saturdays, Sundays, and federally-recognized holidays) after receipt of the request for verification. Failure to provide verification, in proper form within such time will result in loss of protection under VAWA and this policy against a proposed adverse action. Time for response will be extended upon a showing of good cause.

C. Waiver of verification requirement. The Administrator of the BHA or her Designee, or a Section 8 owner or manager, may, with respect to any specific case, waive the above-stated requirements for verification and provide the benefits of this policy based on the victim’s statement or other corroborating evidence. Such waiver may be granted in the sole discretion of the Administrator/Designee, owner or manager. Any such waiver must be in writing. Waiver in a particular instance or
instances shall not operate as precedent for, or create any right to, waiver in any other case or cases, regardless of similarity in circumstances.

VIII. Confidentiality

A. Right of confidentiality. All information (including the fact that an individual is a victim of domestic violence, dating violence, sexual assault or stalking) provided to BHA or to a Section 8 owner or manager in connection with a verification required under section VII of this policy or provided in lieu of such verification where a waiver of verification is granted, shall be retained by the receiving party in confidence and shall not be entered in any shared database nor provided to any related entity, except where disclosure is:
1. requested or consented to by the individual in writing, or
2. required for use in a public housing eviction proceeding or in connection with termination of Section 8 assistance, as permitted in VAWA, or
3. otherwise required by applicable law.

B. Notification of rights. All tenants of public housing and tenants participating in the Section 8 rental assistance program administered by BHA shall be notified in writing concerning their right to confidentiality and the limits on such right to confidentiality.

IX. Transfer to New Residence

A. Application for transfer. The opportunity to transfer in Public Housing due to incidents of domestic violence, dating violence, sexual assault and/or stalking is described in the BHA’s Admissions and Continued Occupancy Policy (ACOP). The opportunity to relocate in the Section 8 rental assistance program due to incidents of domestic violence, dating violence and/or stalking is described in the BHA Administrative Plan. Except with respect to portability of Section 8 assistance, as provided in section B below, the decision to approve or disapprove a transfer shall be made in accordance with the ACOP or Administrative Plan, as applicable. This policy does not create any additional right on the part of any public housing tenant or Section 8-assisted tenant to be granted a transfer.

B. Portability. Notwithstanding the foregoing, a Section 8-assisted tenant will not be denied portability to a unit in another location (notwithstanding the term of the tenant’s existing lease has not expired, or the family has not occupied the unit for 12 months) so long as the tenant has complied with all other requirements of the Section 8 program and has moved from the unit in order to protect the health or safety of an individual member of the household who is or has been the victim of domestic violence, dating violence, sexual assault or stalking and who reasonably believes that the tenant or other household member will be imminently threatened by harm from further violence if the individual remains in the present dwelling unit.
X. Court Orders/Family Break-up

A. Court orders. It is BHA’s policy to honor orders entered by courts of competent jurisdiction affecting individuals assisted by BHA and their property. This includes cooperating with law enforcement authorities to enforce civil protection orders issued for the protection of victims and addressing the distribution of personal property among household members in cases where a family breaks up.

B. Family break-up. Other BHA policies regarding family break-up are contained in BHA’s ACOP and its Section 8 Administrative Plan.

XI. Relationships with Service Providers

It is the policy of BHA to cooperate with organizations and entities, both private and governmental, that provide shelter and/or services to victims of domestic violence, dating violence, sexual assault and/or stalking. If BHA staff become aware that an individual assisted by BHA is a victim of domestic violence, dating violence or stalking, BHA will provide the victim with written materials about such providers of shelter or services. However, and notwithstanding the foregoing, this Policy does not create any legal obligation requiring BHA either to maintain a relationship with any particular provider of shelter or services to victims of domestic violence, dating violence, sexual assault and/or stalking or to make a referral in any particular case.

BHA’s annual public housing agency plan shall describe those providers of shelter or services to victims of domestic violence, dating violence and/or stalking known to BHA.

XII. Notification

BHA shall provide written notification to applicants, tenants, and Section 8 owners and managers, concerning the rights and obligations created under VAWA relating to confidentiality, denial of assistance and, termination of tenancy or assistance.

XIII. Relationship with Other Applicable Laws

Neither VAWA nor this Policy implementing it shall preempt or supersede any provision of Federal, State or local law that provides greater protection than that provided under VAWA for victims of domestic violence, dating violence sexual assault, or stalking.

XIV. Amendment

This policy may be amended from time to time by BHA as approved by its Administrator following an opportunity for notice and comment by interested parties.
Description of Violence Against Women Act (VAWA) activities, services, or programs:

BHA staff provide information and referral services to victims of domestic violence. Periodic VAWA and domestic violence trainings have occurred and will continue to occur with both internal and external trainers.

Both the Public Housing Admissions and Continued Occupancy Policy and the Leased Housing Administrative Plan contain a priority for serving victims of domestic violence for admission. The BHA public housing transfer policy gives a priority for victims of domestic violence as an Administrative transfer.

The BHA public safety department provides protective services above and beyond that of the Boston Police Department to BHA victims of domestic violence to both prevent domestic violence and to enhance survivor safety. BHA Police Department Officers receive extensive police academy training and updates on domestic violence. They are able to advise victims as to seeking protective orders and resources.

A partial listing of Violence Against Women Act (VAWA) Resources is below. These resources are posted on the BHA public drive and all staff have been advised of its location alongside the VAWA policy. In addition, the BHA will create a VAWA resources link section on its website.

10. Pets

Summary of the Elderly/Disabled Pet Policy and the Family Pet Policy

In compliance with HUD requirements, the Boston Housing Authority has adopted pet policies and rules for all developments authorizing the keeping of pets in BHA developments. The primary purpose of the rules is to establish reasonable requirements for the keeping of common household pets in order to provide a safe and sanitary environment. The complete BHA Family Pet Policy and BHA Elderly/Disabled Pet Policy and necessary forms are available at your Manager's office. The Elderly/Disabled Pet Policy was adopted and put into effect in October, 2000 and differs in some respects from the Family Pet Policy. The Family Pet Policy was adopted and put in effect in April, 2002. The following is only a summary of the Pet policies. The complete Elderly/Disabled Pet Policy and Family Pet Policy are supporting documents to the Agency Plan. If you have questions please consult the appropriate policy or ask your Manager.

Definitions of Pet and Assistive Animal:
A pet is defined as a domesticated animal of a species that is commonly kept as a household pet in the community, such as a cat, dog, or canary. A monkey, snake, or spider is an example of an animal that is not commonly kept as a household pet in the community. An assistive animal provides assistance to a person with disabilities that is needed as a reasonable accommodation. Under 24CRF 960.705, this policy does not apply to assistive animals that reside in public housing or that visit BHA properties. For further information on assistance and service animals, please refer to the BHA Assistance and Service Animal Policy, which is found in the Appendix of the BHA Reasonable Accommodation Policy.

Types and Number of Pets Allowed:
Family Developments, a maximum of two pets: a cat or a dog, and either a caged bird or birds, or a fish tank not to exceed 20 gallons will be allowed in studio, one- and two- bedroom apartments. However, in place of the fish tank or the birdcage an animal cage of equivalent size housing a reasonable number of hamsters, guinea pigs, ferrets, or gerbils may be kept. A maximum of three pets: a cat or a dog, a caged bird or birds, and a maximum 20-gallon fish tank will be allowed in apartments of three bedrooms or more. Again, in place of the fish tank or the bird cage an animal cage of equivalent size housing a reasonable number of hamsters, guinea pigs, ferrets or gerbils may be kept. A reasonable number of fish or other animals appropriately kept in an aquarium (such as a frog or iguana) will be permitted in a maximum 20-gallon fish tank. A reasonable number shall be the number of animals or fish that may be kept in a similarly sized cage or tank as recommended by a veterinarian.

Elderly/Disabled Developments, a maximum of one cat or dog is allowed per
apartment. No elderly/disabled resident shall have more than two birds. No resident shall have more than one aquarium, which shall not have a capacity of more than 20 gallons. A reasonable number of fish or animals suitable for keeping in an aquarium will be permitted. A resident may have a birdcage and an aquarium. Any resident who has a dog or a cat may, in addition, have either an aquarium or a bird but not both. For example you may have a poodle and a canary or a Siamese cat and a canary or a poodle and an aquarium.

Pets of vicious or aggressive disposition deemed by management to be potentially harmful to the health and safety of others are prohibited.

Family Developments, no pet will be permitted which is expected to exceed 50 pounds in weight at maturity.

Elderly/Disabled, no pet may exceed 40 pounds in weight or 20 inches in height at maturity.

All dogs and cats over the age of 6 months must be spayed or neutered unless there is certification from a licensed veterinarian that the performance of the procedure will compromise the health of the pet.

**Pet Ownership Rules:**
A tenant who wishes to add any new pet must apply in writing at their development management office. The Tenant is responsible for proper care, vaccinations, and clean up after their pet anywhere on BHA property, as well as the provision of identifying tags for dogs and cats. No pet is to remain unattended, without proper care for more than 24 hours. The tenant is responsible and must pay for the cost of all materials and labor required to repair any damage caused by the pet. The tenant is responsible for insuring that the rights of other tenants are not infringed upon with regard to health, safety, or peace and quiet enjoyment. The Tenant will allow the BHA to inspect their unit as required to ascertain compliance with this policy. Pets currently being kept by BHA residents that have been properly identified to site management will be grandfathered into this policy. No pet ownership fee will be charged for these pets but owners must prospectively comply with this policy.

**Non-Compliance:**
Violations of these rules will be considered a violation of a material term of the lease. The development manager may require the removal of a pet upon violation of these rules, or commence eviction procedures. All lease enforcement and eviction actions taken as a result of this policy will comply with the BHA’s Lease and Grievance Procedures.
11. Asset Management

1. X: Yes  _: No: Is the PHA engaging in any activities that will contribute to the long-term asset management of its public housing stock, including how the Agency will plan for long-term operating, capital investment, rehabilitation, modernization, disposition, and other needs that have not been addressed elsewhere in this PHA Plan?

2. What types of asset management activities will the PHA undertake? (select all that apply)
   _: Not applicable
   X: Private management
   X: Development-based accounting
   X: Comprehensive stock assessment
   X: Other: (list below) strategic redevelopment planning; reorganization for Asset Management staffing functions

3. _: Yes  X: No: Has the PHA included descriptions of asset management activities in the optional Public Housing Asset Management Table?
12. and 13. Substantial Deviation / Significant Amendment / Modification

(a) Significant Amendment and Substantial Deviation/Modification. Provide the PHA’s definition of “significant amendment” and “substantial deviation/modification”.

Definition of “Substantial Deviation” and “Significant Amendment or Modification”:

In the Final Rule issued on 12/14/99, HUD provides that, while PHAs may change or modify their plans or policies described in them, any “significant amendment or modification” to the plan would require PHAs to submit a revised PHA plan that has met full public process requirements. The statute also requires that PHAs define “significant amendment or modification” of the Annual Plan and “substantial deviation” from the 5-Year Plan themselves, by stating the basic criteria for such definitions in an annual plan that has met full public process requirements, including Resident Advisory Board review. The BHA will consider the following actions to be significant amendments or modifications:

- A change which would significantly affect current rent or admissions policies or organization of a waiting list in the Public Housing programs;
- A change which would significantly effect current rent policies in the Section 8 Program;
- A change to admission policies or organization of a waiting list in the Section 8 Program which would impact more than 5% of the total number of HCVP vouchers in the BHA’s portfolio;
- Additions of non-emergency work items not included in the current Annual Statement, 5-Year Action Plan, over $3 million or 10% of total CFP, whichever is greater;
- A substantial change to the demolition or disposition, designation, homeownership programs or conversion activities as described in the presently approved Agency or Five-Year Plan.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements or federal statutory requirements; such changes will not be considered significant amendments by HUD.

6. Number of units affected: 3394
7. Coverage of action (select one)  
X: Part of the development (See supplemental table below)  
__: Total development  

The new DHP applies to all units across the Elderly-Disabled portfolio except for wheelchair units, all of which are exempt from the DHP. BHA continues to monitor the percentages of elderly and non-elderly disabled households living in each Elderly/Disabled Development on an ongoing basis. When the percentage of elderly households occupying a development reaches 75%, the development is flagged so that each subsequent offer of housing will be reviewed by a Manager in the Occupancy Department. When the percentage of elderly households occupying a development reaches 80%, the BHA will turn off Designated Housing preference points to elderly applicant households for this development and turn on the Designated Housing preference for the disabled. If the percentage of elderly households occupying a development falls below 80%, the BHA will turn on Designated Housing Preference points to elderly applicant households for this development.

Supplement to HUD Form 50075-ST(1): Plan Elements  

Annual Plan 2019 Amendment 2  
January 14, October 15, 2019
*Wheelchair units are exempt from the Designated Housing Plan so in the above table Available Units show the total number of available units, Wheelchair shows the number of wheelchair units and Adjusted Available shows the number of units included in the Designated Housing Plan. Another way of saying that is Available Units minus Wheelchair units equals Adjusted Available units. Elderly 80% shows of the adjusted available units how many are designated for the elderly, while Non-Eld Dis 20% shows of the adjusted available units how many are designated for the Non-Elderly Disabled. The final three columns 0 BR with W/C, 1 BR with W/C, and 2 BR with W/C shows the total number of units at the site with those bedroom sizes and includes the wheelchair units in the totals. In most cases one can figure out the bedrooms sizes of the wheelchair units.

** BHA has zero studio wheelchair units.

***Only includes units at 295 and 297 Centre Street, units #’s BP0003 - BP00028 and BP0033 - BP0056. Overall, this is a family development but these units are set aside for the elderly and non-elderly disabled and have their own site-based waiting list.

† Developments converting through RAD (see Section 19 below) will be removed from this list upon conversion, as they will no longer be public housing units.

I8. Conversion of Public Housing to Tenant-Based Assistance

Boston Housing Authority Voluntary Conversion from Public Housing to Tenant-Based Assistance Initial Assessment

The Boston Housing Authority determined a Per Unit Monthly (PUM) cost for covered (general occupancy) developments including operating costs with tenant contribution ($893.85) and capital ($221.94) for a total of $1115.79 PUM as of September 2018. We then compared that to the average Housing Assistance Payment at $1345.61 plus the tenant’s contribution at $497.79 that amounted to $1843.40 PUM as of September 2018. Therefore, the change to tenant-based assistance would not be cost effective. None of the general occupancy developments in the BHA’s portfolio has reached the stage of obsolescence where it would be cost effective to convert to tenant-based assistance rather than to maintain it as public housing.

The BHA is not subject to computing the mandatory conversion calculation because none of our developments meet the 15% vacancy standard for identifying public housing developments subject to the required conversion.

The above formula applies to the following developments:

BHA will blend Section 18 and RAD pursuant to PIH Notice 2019-23.

In addition to the RAD activities listed above, please note the following updates:

1. HUD had received a RAD award for a portion of Whittier Street in 2016. Subsequently BHA received a Choice Neighborhoods Implementation grant for Whittier. Follow the CNI grant award, BHA notified HUD that we would not be pursuing a RAD conversion at Whittier any further. The CNI redevelopment of Whittier will not include any RAD units.

2. As part of the four RAD applications submitted by BHA on 10/23/2017, BHA requested a "portfolio award" of RAD that would permit BHA to pursue RAD for an additional four properties in the future. No final decisions have been made regarding the future four sites, but for the purposes of requesting the portfolio award, the BHA did identify a RAD application for Eva White (MA002000241) and was awarded a commitment to enter into Housing Assistance Payment (CHAP) dated 5/31/2019. At this point in time BHA has decided not to pursue the following sites as possible candidates: Eva White (MA002000241)—102 units; for RAD conversions; Malone Apartments (MA002000290)—102 units.; Annapolis Street (MA002000227)—56 units; and West Ninth Street (MA002000236)—84 units. In each case, BHA may pursue blending RAD and Section 18 pursuant to PIH Notice 2018-04.

Resident Rights, Participation, Waiting List and Grievance Procedures

A. PBV Resident Rights and Participation.

1. No Rescreening of Tenants upon Conversion. Pursuant to the RAD Statute, at conversion, current households cannot be excluded from occupancy at the Covered Project based on any rescreening, income eligibility, or income targeting. With respect to occupancy in the Covered Project, current household in the Converting Project will be grandfathered for application of any eligibility criteria to conditions that occurred prior to conversion but will be subject to any ongoing eligibility requirements for actions that occur after conversion. Post-conversion, the tenure of all residents of the Covered Project is protected pursuant to PBV requirements.

Footnote: These protections (as well as all protections in this Notice for current households) also apply when a household is relocated to facilitate new construction or repairs following conversion and subsequently returns to the Covered Project.
regarding continued occupancy unless explicitly modified in this Notice (e.g., rent phase-in provisions). For example, a unit with a household that was over-income at time of conversion would continue to be treated as an assisted unit. Thus, Section 8(o)(4) of the 1937 Act and 24 CFR § 982.201, concerning eligibility and targeting of tenants for initial occupancy, will not apply for current households. Once the grandfathered household moves out, the unit must be leased to an eligible family.

MTW agencies may not alter this requirement. Further, so as to facilitate the right to return to the assisted property, HUD waives Section 8(o)(4) and 24 CFR § 982.201 to the extent necessary for this provision shall apply to current public housing residents of the Converting Project that will reside in non-RAD PBV units or non-RAD PBRA units placed in a project that contain RAD PBV units or RAD PBRA units. Such families and such contract units will otherwise be subject to all requirements of the applicable program, specifically 24 CFR § 983 for non-RAD PBV units and the PBRA requirements governing the applicable contract for non-RAD PBRA units.4

---

4 These protections (as well as all protections in this Notice for current households) also apply when a household is relocated to facilitate new construction or repairs following conversion and subsequently returns to the Covered Project.
2. **Right to Return.** See section 1.4.A.5(f), b. and the RAD Fair Housing, Civil Rights, and Relocation Notice regarding a resident’s right to return. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

3. **Phase-in of Tenant Rent Increases.** If, purely as a result of conversion, the amount a tenant would pay for rent and utilities under the PBV program (the tenant’s monthly rent increase, TTP) would increase the tenant’s TTP by more than the greater of 10 percent or $25, the tenant’s rent increase will be phased in over 3 or 5 years. To implement this provision, HUD is specifying alternative requirements for section 3(a)(1) of the Act, as well as 24 CFR § 983.3 (definition of “total tenant payment”, TTP)) to the extent necessary to allow for the phase-in of tenant rent increases. A PHA must create a policy, setting the length of the phase-in period at three years, five years or a combination depending on circumstances, and must communicate such policy in writing to affected residents. For example, a PHA may create a policy that uses a three-year phase-in for smaller increases in rent and a five-year phase-in for larger increases in rent. This policy must be in place at conversion and may not be modified after conversion.

The method described below explains the step percentage-based phase-in a Project Owner must follow according to the phase-in period established. For purposes of this section, “calculated PBV TTP” refers to the TTP calculated in accordance with regulations at 24 CFR §5.628 and the “most recently paid TTP” refers to the TTP recorded on line 9j of the family’s most recent HUD Form 50058. If a family in a project converting from Public Housing to PBV was paying a flat rent immediately prior to conversion, the PHA should use the flat rent amount to calculate the phase-in amount for Year 1, (the first recertification following conversion), as illustrated below.

Three Year Phase-in:

- **Year 1:** Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recent and the most recently paid TTP.
- **Year 2:** The remaining 67% of the difference between the most recent and the most recently paid TTP.
- **Year 3:** The remaining 67% of the difference between the most recent and the most recently paid TTP.

**Family Self Sufficiency (FSS) and Resident Opportunities and Self Sufficiency**

For example, where a resident’s most recently paid TTP is $100, but the Calculated PBV TTP is $200 and remains $200 for the period of the resident’s occupancy, (i.e., no changes in income) the resident would continue to pay the same rent and utilities for which it was responsible prior to conversion. At the first recertification following conversion, the resident’s contribution would increase by 33% of $100 to $133. At the second AR, the resident’s contribution would increase by 50% of the $66 differential to the standard TTP, increasing to $166. At the third AR, the resident’s contribution would increase to $200 and the resident would continue to pay the Calculated PBV TTP for the duration of their tenancy.

SerCo
Service Coordinator (ROSS-SC) programs. Public Housing residents that are currently FSS participants will continue to be eligible to participate in the PHA’s FSS program.

37. For example, where a resident’s most recently paid TTP is $100, but the Calculated PBV TTP is $200 and the period of the resident’s occupancy (i.e. no changes in income) the resident would continue to pay the same rent and utilities for which it was responsible prior to conversion. At the first recertification following conversion, the resident’s contribution would increase by 33% of $100 to $133. At the second AR, the resident’s contribution would increase by 50% of the $66 differential to the standard TTP, increasing to $166. At the third AR, the resident’s contribution would increase to $200 and the resident would continue to pay the Calculated PBV TTP for the duration of their housing until conversion under RAD.
5. The PHA may continue to use any FSS funds already awarded to serve those FSS participants who live in units converted by RAD. At the completion of the FSS grant, PHAs should follow the normal closeout procedures outlined in the grant agreement. If the PHA continues to run an FSS program that serves PH and/or HCV participants, the PHA will continue to be eligible (subject to NOFA requirements) to apply for FSS funding and may use that funding to serve PH, HCV and/or PBRA participants in its FSS program. Due to the program merger between PH FSS and HCV FSS that took place pursuant to the FY14 Appropriations Act (and was continued in the subsequent Appropriation Acts), no special provisions are required to continue serving FSS participants that live in public housing units converting to PBV under RAD.

However, PHAs should note that until provisions of the Economic Growth, Regulatory Relief, and Consumer Protection Act are implemented, there are certain FSS requirements (e.g., escrow calculation and escrow forfeitures) that apply differently depending on whether the FSS participant is a participant under the HCV program or a public housing resident, and PHAs must follow such requirements accordingly. All PHAs will be required to administer the FSS program in accordance with FSS regulations at 24 CFR part 984, (current or as amended), the participants’ contracts of participation, and the alternative requirements established in the “Waivers and Alternative Requirements for the FSS Program” Federal Register notice, published on December 29, 2014, at 79 FR 78100. Further, upon conversion to PBV, if the PHA no longer has a public housing program, funds already escrowed for FSS participants shall be transferred into the HCV escrow account and be considered TBRA funds, thus reverting to the HAP account if forfeited by the FSS participant.

Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be eligible to be counted towards the unit count for future ROSS-SC.

---

6 The funding streams for the PH FSS Program and the HCV FSS Program were first merged pursuant to the FY 2014 appropriations act. As a result, PHAs can serve both PH residents and HCV participants, including PBV participants, with FSS funding awarded under the FY 2014 FSS Notice of Funding Availability (FSS NOFA) and any other NOFA under which the combination of funds remains in the applicable appropriations act. For PHAs that had managed both programs separately and now have a merged program, a conversion to PBV should not impact their FSS participants.
grants, nor will its residents be eligible to be served by future ROSS-SC grants.

38 The funding streams for the PH FSS Program and the HCV FSS Program were first merged pursuant to the FY 2014 appropriations act. As a result, PHAs can serve both PH residents and HCV participants, including PBV participants, with FSS funding awarded under the FY 2014 FSS Notice of Funding Availability (FSS NOFA) and any other NOFA under which the combination of funds remains in the applicable appropriations act. For PHAs that had managed both programs separately and now have a merged program, a conversion to PBV should not impact their FSS participants.

39 Where the PHA maintains a public housing program, any forfeited funds that had been escrowed prior to conversion would revert to the PHA’s Operating Reserves.
which, by statute, can only serve public housing residents. At the completion of the ROSS-SC grant, PHAs should follow the normal closeout procedures outlined in the grant agreement. Please note that ROSS-SC grantees may be a non-profit or local Resident Association and this consequence of a RAD conversion may impact those entities. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

6.5 Resident Participation and Funding. In accordance with Attachment 1B, residents of Covered Projects with assistance converted to PBV will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

7.6 Resident Procedural Rights. The following items must be incorporated into both Section 8 Administrative Plan and the Project Owner’s lease, which includes the required tenancy addendum-(HUD Form 52530-c), as appropriate. Evidence of such incorporation may be requested by HUD for purposes of monitoring the program.

a. Termination Notification. HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public housing projects that convert assistance under RAD, and to non-RAD PBV units located at the Covered Project. In addition to the regulations at 24 CFR § 983.257 related to Project Owner termination of tenancy and eviction (which MTW agencies may not alter), the termination procedure for RAD conversions to PBV will require that PHAs provide adequate written notice of termination of the lease which shall be:

i. A reasonable period of time, but not to exceed 30 days:
   1. If the health or safety of other tenants, Project Owner employees, or persons residing in the immediate vicinity of the premises is threatened; or
   2. In the event of any drug-related or violent criminal activity or any felony conviction;

ii. Not less than 14 days in the case of nonpayment of rent; and

iii. Not less than 30 days in any other case, except that if a State

Supplement to HUD Form 50075-ST(1): Plan Elements
or local law provides for a shorter period of time, such shorter period shall apply.

b. **Grievance Process.** Pursuant to requirements in the RAD Statute, HUD is establishing additional resident procedural rights to comply with section 6 of the Act.

For issues related to tenancy and the termination of assistance and several other PHA determinations, PBV program rules require the **Owner/PHA** to provide an opportunity for an informal hearing, as outlined in 24 CFR § 982.555. RAD will specify alternative requirements for 24 CFR § 982.555(b) in part, which outlines when informal hearings are not required, to require that:

1. In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(vi), an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a **Project Owner**, action in accordance with the individual’s lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident’s rights, obligations, welfare, or status.

   1.1 For any hearing required under 24 CFR § 982.555(a)(1)(i)-(vi), the contract administrator will perform the hearing, as is the current standard in the program. The hearing officer must be selected in accordance with 24 CFR § 982.555(c)(4)(i).

   1.2 For any additional hearings required under RAD, the **Project Owner** will perform the hearing.

b.ii. There is no right to an informal hearing for class grievances or to disputes between residents not involving the **Project Owner** or contract administrator. **Contract Administrator.**

c.iii. The **Project Owner** gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555(c)(1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555(a)(1)(i)-(vi).

d.iv. The **Project Owner** provides opportunity for an informal

\(\text{\textsuperscript{2}§ 982.555(a)(1)(iv) is not relevant to RAD as the tenant-based certificate program has been repealed.}\)
hearing before an eviction.

Current PBV program rules require that hearing procedures must be outlined in the PHA’s Section 8 Administrative Plan.

40 § 982.555(a)(1)(iv) is not relevant to RAD as the tenant-based certificate program has been repealed
To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

4.7 Earned Income Disregard (EID). Tenants who are employed and are currently receiving the EID exclusion at the time of conversion will continue to receive the EID after conversion, in accordance with regulations at 24 CFR § 5.617. Upon the expiration of the EID for such families, the rent adjustment shall not be subject to rent phase-in, as described in Section 1.6.C.4; instead, the rent will automatically rise to the appropriate rent level based upon tenant income at that time.

Under the Housing Choice Voucher program, the EID exclusion is limited only to persons with disabilities (24 CFR § 5.617(b)). In order to allow all tenants (including non-disabled persons) who are employed and currently receiving the EID at the time of conversion to continue to benefit from this exclusion in the PBV project, the provision in 24 CFR § 5.617(b) limiting EID to disabled persons is waived. The waiver, and resulting alternative requirement, apply only to tenants receiving the EID at the time of conversion. No other tenant (e.g., tenants that move into the property following conversion or tenants who at one time received the EID but are not receiving the EID exclusion at the time of conversion due to loss of employment) is covered by this waiver. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

2.8 Jobs Plus. Jobs Plus grantees awarded FY 14 and future funds that convert the Jobs Plus target project(s) under RAD will be able to finish out their Jobs Plus period of performance at that site unless significant relocation and/or change in building occupancy is planned. If either is planned at the Jobs Plus target project(s), HUD may allow for a modification of the Jobs Plus work plan or may, at the Secretary’s discretion, choose to end the Jobs Plus program at that project. If the program is continued, the Project Owner must agree to continue to implement the program according to HUD’s program requirements. Jobs Plus target public housing projects must enroll public housing residents into the Jobs Plus rent incentive, JPEID, prior to conversion. Any resident of the Covered Project that had not enrolled prior to conversion is not eligible to enroll in JPEID but may utilize Jobs Plus services that predominately benefit the former public housing residents who resided at the target project at the time of RAD conversion. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the Covered Project may voluntarily...
utilize Jobs Plus services that predominantly benefit the former public housing residents who resided at the target project at the time of RAD conversion.
9. **When Total Tenant Payment Exceeds Gross Rent.** Under normal PBV rules, the PHA may select an occupied unit to be included under the PBV HAP Contract only if the unit’s occupants are eligible for housing assistance payments (24 CFR § 982.201). Also, a PHA must remove a unit from the contract when no assistance has been paid for 180 days because the family’s TTP has risen to a level that is equal to or greater than the contract rent, plus any utility allowance, for the unit (i.e., the Gross Rent). (24 CFR § 983.258). Since the rent limitation under this Section of the Notice may result in a family’s TTP equaling or exceeding the gross rent for the unit, for residents living in the Converting Project prior to conversion and who will return to the Covered Project after conversion, HUD is waiving both of these provisions and requiring that the unit for such families be placed on and/or remain under the HAP Contract when TTP equals or exceeds the Gross Rent. Further, HUD is establishing the alternative requirement that until such time that the family’s TTP falls below the gross rent, the rent to the owner for the unit will equal the lesser of (a) the family’s TTP, less the Utility Allowance, or (b) any applicable maximum rent under LIHTC regulations. When during any period when the family’s TTP falls below the gross rent, normal PBV rules shall apply. As necessary to implement this alternative provision, HUD is waiving the provisions of Section 8(o)(13)(H) of the Act and the implementing regulations at 24 CFR § 983.301 as modified by Section 1.6.B.5 of this Notice. In such cases, the resident is considered a participant under the program and all of the family obligations and protections under RAD and PBV apply to the resident. Likewise, all requirements with respect to the unit, such as compliance with the HQS requirements, apply as long as the unit is under HAP Contract. The PHA is required to process these individuals through the Form 50058 submodule in PIC. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

Following conversion, 24 CFR § 983.53(d) applies.

**Unless a waiver is requested** and approved as described below, any new families referred for admission to the RAD PBV project Covered Project must be initially eligible for a HAP meet the eligibility requirements at 982.201 and require a subsidy payment at admission to the program, which means their TTP may not equal or exceed the gross rent for the unit at that time. Further, a PHA must remove a unit from the contract when no assistance has been paid for 180 days. If units are removed from the HAP contract because a new admission’s TTP comes to equal or exceed the

---

For example, a public housing family residing in a property converting under RAD has a TTP of $600. The property has an initial Contract Rent of $500, with a $50 Utility Allowance. Following conversion, the residents is still responsible for paying $500 in tenant rent and utilities.

For example, a public housing family residing in a property converting under RAD has a TTP of $600. The property has an initial Contract Rent of $500, with a $50 Utility Allowance. Following conversion, the residents is still responsible for paying $600 in tenant rent and utilities.

41 Alternative requirement that the PHA must reinstate the unit after the family has vacated the property. If the project is partially assisted, the PHA may substitute a different unit for the unit on the HAP contract in accordance with 24 CFR §983.207 or, where “floating” units have been permitted, Section 1.6.B.10 of the Notice.

A PHA may request a waiver from HUD for the Covered Project in order to admit otherwise eligible families whose TTP exceeds gross rent and to allow the units those families occupy to remain under the HAP contract even if the PHA has not made a housing assistance payment for a family in 180 days.

For a Covered Project that consists of 100 percent RAD PBV units, the PHA must demonstrate that a waiver is necessary in order to avoid an undue concentration of poverty at the Covered Project. A PHA may evidence this by providing data showing, for example:

a. how eligible income-certified applicants on the waiting list must be passed over because their incomes result in zero HAP at admission causing a higher concentration of poverty at the covered project; or

b. how the income of newly admitted families is causing a markedly higher concentration of poverty than the PHA’s non-RAD PBV projects.

The resulting impact on the property must be compared with the concentration of poverty at non-RAD PBV projects in the PHA’s jurisdiction. If there are no non-RAD PBV projects in the PHA’s jurisdiction, the PHA may alternatively demonstrate that the median income of families that could be admitted to the Covered Project is significantly lower than the median income of new admissions from the waiting list to the PHA’s HCV program since the time of the RAD conversion.

For any other Covered Project, the PHA must demonstrate that the property contains specific units (e.g., units suitable for large families or accessible units) for which there are insufficient alternative housing opportunities.

If the waiver is approved, the new admission[s] families covered under the waiver are participants under the program and all of the family obligations and protections under
RAD and PBV apply to the family, and the unit is subject to all program requirements. Such waiver requests should be submitted to the PIH Field Office in accordance with Notice PIH 2018-16.

10. Under-Occupied Unit. If a family is in an under-occupied unit under 24 CFR § 983.260 at the time of conversion, the family may remain in this unit until an appropriate-sized unit becomes available in the Covered Project. When an appropriate-sized unit becomes available in the Covered Project, the family living in the under-occupied unit must move to the appropriate-sized unit within a reasonable period of time, as determined by the administering Voucher Agency. In order to allow the family to remain in the under-occupied unit until an appropriate-sized unit becomes available in the Covered Project, 24 CFR § 983.260 is waived for current residents remaining or returning to the Covered Project. MTW agencies may not modify this requirement. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

B. PBV: Other Miscellaneous Provisions

1. Access to Records, Including Requests for Information Related to Evaluation of Demonstration. PHAs and the Project Owner must cooperate with any reasonable HUD request for data to support program evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work. Please see Appendix IV for reporting units in Form HUD-50058.

2. Additional Monitoring Requirement, Ongoing PHA Board Review of Operating Budget. The Owner must submit to the administering PHA and the PHA’s Board must approve the operating budget for the Covered Project annually. The PHA’s Board must confirm that the Project Owner is making deposits into the Reserve for Replacement account in accordance with HUD requirements, the RCC as well as assess the financial health of the Covered Project.\(^2\)

3. Davis-Bacon Act and Section 3 of the Housing and Urban Development Act of 1968 (Section 3). This section has These sections have been moved to 1.4.A.13 and 1.4.A.14, 1.4.A.13 and 1.4.A.14.

\(^2\) For PBV conversions that are not FHA insured, a future HUD notice will describe project financial data that may be required to be submitted by a PBV owner for purposes of monitoring and evaluation, given that PBV projects do not submit annual financial statements to HUD/REAC.

4. Establishment of Waiting List. 24 CFR § 983.251 sets out PBV program requirements related to establishing and maintaining a voucher-wide, PBV program-wide, or site-based waiting list from which residents for the Covered Project will be admitted. These provisions will apply unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies. The PHA shall consider the best means to transition applicants from the current public housing waiting list, including:

i. Transferring an existing site-based waiting list to a new site-based waiting list.

42 For PBV conversions that are not FHA-insured, a future HUD notice will describe project financial data that may be required to be submitted by a PBV owner for purposes of monitoring and evaluation, given that PBV projects do not submit annual financial statements to HUD/REAC.
ii.b. Transferring an existing site-based waiting list to a PBV program-wide or HCV program-wide waiting list.

iii.c. Transferring an existing community-wide public housing waiting list to a PBV program-wide or HCV program-wide waiting list, an option particularly relevant for PHAs converting their entire portfolio under RAD.

iv.d. Informing applicants on a community-wide public housing waiting list how to transfer their application to one or more newly created site-based waiting lists.

For any applicants on the public housing waiting list that are likely to be ineligible for admission to a Covered Project converting to PBV because the household’s TTP is likely to exceed the RAD gross rent, the PHA shall consider transferring such household, consistent with program requirements for administration of waiting lists, to the PHA’s remaining public housing waiting list(s) or to another voucher waiting list, in addition to transferring such household to the waiting list for the Covered Project.

To the extent any wait list relies on the date and time of application, the applicants shall have priority on the wait list(s) to which their application was transferred in accordance with the date and time of their application to the original waiting list.

If the PHA is transferring assistance to another neighborhood and, as a result of the transfer of the waiting list, the applicant would only be eligible for a unit in a location which is materially different from the location to which the applicant applied, the PHA must notify applicants on the wait list of the transfer of assistance, and on how they can apply for residency at other sites.

If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 510.7(a)(2). PHAs may transfer applicants from the PHA’s public housing community-wide waiting list or the PHA’s site-based waiting list. PHAs may use the PHA’s public housing community-wide waiting list to determine the rank of applicants. PHAs shall commodity between the PHA’s public housing community-wide waiting list or the PHA’s site-based waiting list. All PHAs shall commodity between the PHA’s public housing community-wide waiting list or the PHA’s site-based waiting list. In all cases, PHAs have the discretion to determine the most appropriate means of informing applicants on the public housing community-wide waiting list given the number of applicants, PHA resources, and admissions requirements of the projects being converted under RAD. A PHA may consider contacting every applicant on the public housing waiting list via direct mailing; advertising the availability of housing to the population that is less likely to apply; both minority and non-minority groups, through various forms of media (e.g., radio

stations, posters, newspapers) within the marketing area; informing local non-profit entities and advocacy groups (e.g., disability rights groups); and conducting other...
outreach as appropriate. Any activities to contact applicants on the public housing waiting list must be conducted in accordance with the requirements for effective communication with persons with disabilities at 24 CFR § 8.6 and with the obligation to provide meaningful access for persons with limited English proficiency (LEP)\(^{22}\).

When using a site-based waiting list, PHAs should consider waiting list and transfer policies that expand opportunities for tenants seeking an emergency transfer under, or consistent with, the PHA’s Emergency Transfer Plan. This includes allowing for easier moves between assisted properties.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 983.251(c)(2). However, after the initial waiting list has been established, the PHA shall administer its waiting list for the Covered Project in accordance with 24 CFR § 983.251(c). To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

A PHA must maintain any site-based waiting list in accordance with all applicable civil rights and fair housing laws and regulations.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 983.251(c)(2). However, after the initial waiting list has been established, the PHA shall administer its waiting list for the Covered Project in accordance with 24 CFR § 983.251(c).

5. **Mandatory Insurance Coverage.** The Covered Project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed project property.

6. **Agreement Waiver.** This section has been moved to 1.6.B.8.

7.6. **Future Refinancing.** Project Owners must receive HUD approval for any refinancing or restructuring of secured debt under the HAP Contract term to ensure the financing is consistent with long-term preservation of the Covered Project. With respect to any financing contemplated at the time of conversion (including any permanent financing which is a conversion or take-out of construction financing), such consent may be

evidenced through the RCC but HUD review of liens must be performed prior to execution.

7. **Administrative Fees for Public Housing Conversions During the Year of Conversion.** For the remainder of the Calendar Year in which the HAP Contract becomes effective (i.e., the “year of conversion”), RAD PBV projects will be funded with public housing funds.

8. with public housing funds. For example, if the project’s assistance converts effective July 1, 2015, the public housing ACC between the PHA and HUD will be amended to reflect the number of units under HAP Contract, but will be for zero dollars, and the RAD PBV HAP Contract will be funded with public housing money for July through December 2015. Since TBRA is not the source of funds, PHAs should not report leasing and expenses into VMS during this period, and PHAs will not receive section 8 administrative fee funding for converted units during this time.

PHAs operating an HCV program typically receive administrative fees for units under a HAP Contract, consistent with recent appropriation act references to “section 8(q) of the [United States Housing Act of 1937] and related appropriations act provisions in effect immediately before the Quality Housing and Work Responsibility Act of 1998” and 24 CFR § 982.152(b). During the year of conversion mentioned in the preceding paragraph, these provisions are waived. PHAs will not receive Section 8 administrative fees for PBV RAD units during the year of conversion.

After the year of conversion, the Section 8 ACC will be amended to include Section 8 funding that corresponds to the units covered by the Section 8 ACC. At that time, the regular Section 8 administrative fee funding provisions will apply.

9.8 Choice-Mobility. One of the key features of the PBV program is the mobility component, which provides that if the family has elected to terminate the assisted lease at any time after the first year of occupancy, in accordance with program requirements, the PHA must offer the family the opportunity for continued tenant-based rental assistance, in the form of either assistance under the voucher program or other comparable tenant-based rental assistance.

If as a result of participation in RAD a significant percentage of the PHA’s HCV program becomes PBV assistance, it is possible for most or all of a PHA’s turnover vouchers to be used to assist those RAD PBV families who wish to exercise mobility. While HUD is committed to ensuring mobility remains a cornerstone of RAD policy, HUD recognizes that it remains important for the PHA to still be able to use tenant-based vouchers to address the specific housing needs and priorities of the community. Therefore, HUD is establishing the following alternative requirement for PHAs where, as a result of RAD, the total number of PBV units (including RAD PBV units) under HAP Contract administered by the PHA exceeds 20 percent of the PHA’s authorized units under its HCV ACC with HUD.

The alternative mobility policy provides that an eligible voucher agency would not be required to provide more than three-quarters of its turnover vouchers in any single year to the residents of Covered Projects. While a voucher agency is not required to

establish a voucher inventory

turnover cap, if such a cap is implemented, the voucher agency must create and
maintain a waiting list in the order in which the requests from eligible households
were received. In order to adopt this provision, this alternative mobility policy must
be included in an eligible PHA’s administrative plan.

To effectuate this provision, HUD is providing an alternative requirement to Section
8(o)(13)(E) of the Act and 24 CFR § 983.261(c). Please note that this alternative
requirement does not apply to PBVs entered into outside of the context of RAD.
MTW agencies may not alter this requirement.

10.9. Reserve for Replacement. The Project Owner shall establish and maintain a
replacement reserve in an interest-bearing account to aid in funding extraordinary
maintenance and repair and replacement of capital items in accordance with
applicable regulations. The reserve must be built up to and maintained at a level
determined by HUD to be sufficient to meet projected requirements. For FHA
transactions, Replacement Reserves shall be maintained in accordance with the FHA
Regulatory Agreement. For all other transactions, Replacement Reserves shall be
maintained in a bank account or similar instrument, as approved by HUD, where
funds will be held by the Project Owner or mortgagee and may be drawn from the
reserve account and used subject to HUD guidelines.

10. Initial Certifications and Tenant Rent Calculations. The Contract Administrator
uses the family’s public housing tenant rent (reflected on line 10f of the family’s most
recent HUD Form 50058) at the date of the conversion to calculate the PBV HAP and
tenant rent until the effective date of the earlier of the family’s first regular or interim
recertification following the date of conversion. At the earlier of the family’s first
regular or interim recertification, the Contract Administrator will use the family’s
TTP based on the recertification and the HCV utility allowance (or the PBV site-
specific utility allowance, if applicable) to determine the PBV HAP and tenant rent.
This means that the family pays the same tenant rent as the family was paying under
the public housing program until the earlier of first regular or interim reexamination
following conversion, at which point the normally applicable PBV calculation for the
tenant rent becomes effective. (Under the PBV program, the monthly HAP is the rent
to owner minus the tenant rent, and the tenant rent is the family TTP minus the utility
allowance.) To facilitate the uniform treatment of residents and units at a Covered
Project, any non-RAD PBV units located in the same property as the Covered Project
shall be subject to the terms of this provision. To effectuate this provision, HUD is
waiving 24 CFR 5.601 and 983.3(c)(6)(iii).

A. PBRA Resident Rights and Participation.

1. **No Rescreening of Tenants upon Conversion.** Pursuant to the RAD Statute, at conversion, current households cannot be excluded from occupancy at the Covered Project based on any rescreening, income eligibility, or income targeting. With respect to occupancy in the Covered Project, current households in the Converting Project will be grandfathered for application of any eligibility criteria to conditions that occurred prior to conversion but will be subject to any ongoing eligibility requirements for actions that occur after conversion. Post-conversion, the tenure of all residents of the Covered Project is protected pursuant to PBRA requirements regarding continued occupancy unless explicitly modified in this Notice (e.g., rent phase-in provisions). For example, a unit with a household that was over-income at time of conversion would continue to be treated as an assisted unit. Thus, the first clause of section 8(c)(4) of the Act and 24 CFR § 880.603(b), concerning determination of eligibility and selection of tenants for initial occupancy, will not apply for current households. Once the grandfathered household moves out, the unit must be leased to an eligible family. Further, so as to facilitate the right to return to the assisted property, this provision shall apply to current public housing residents of the Converting Project that will reside in non-RAD PBV units or non-RAD PBRA units placed in a project that contain RAD PBV units or RAD PBRA units. Such families and such contract units will otherwise be subject to all requirements of the applicable program, specifically 24 CFR § 983 for non-RAD PBV units and the PBRA requirements governing the applicable contract for non-RAD PBRA units.

2. **Right to Return.** See section 1.4.A.5.b. and the RAD Fair Housing, Civil Rights, and Relocation Notice regarding a resident’s right to return.

3. **(ii) and the RAD Fair Housing, Civil Rights, and Relocation Notice regarding a resident’s right to return.**
51 These protections (as well as all protections in this Notice for current households) apply when a household is relocated to facilitate repairs following conversion and subsequently returns to the Covered Project, even if they are considered a “new admission” upon return.

52 For non-RAD PBV households, applicable program requirements includes the requirement that any admission to the project must be initially eligible for a HAP payment at admission to the program, which means their TTP may not exceed the gross rent for the unit at that time.
3.4. Phase-in of Tenant Rent Increases. If a resident’s monthly rent increases purely as a result of conversion, the amount a tenant would pay for rent and utilities under the PBRA program (the tenant’s TTP) would increase the tenant’s TTP by more than the greater of 10 percent or $25 purely as a result of conversion, the rent increase will be phased in over 3 years or 5 years. Eligibility for the phase-in is to be determined at the Initial Certification which occurs at the time the household is converted to PBRA. A phase-in must not be applied after the household’s Initial Certification. To implement the phase-in, HUD is specifying alternative requirements for section 302(d)(1) of the Act, as well as 24 CFR § 880.201 (definition of “total tenant payment”, (TTP)) to the extent necessary to allow for the phase-in of tenant rent increases. A PHA must create a policy setting the length of the phase-in period at three years, five years, or a combination depending on circumstances, and must communicate such policy in writing to affected residents. For example, a PHA may create a policy that uses a three year phase-in for smaller increases in rent and a five year phase-in for larger increases in rent. This policy must be in place at conversion and may not be modified after conversion.

The method described below explains the set percentage-based phase-in a Project Owner must follow according to the phase-in period established. For purposes of this section, “Calculated Multifamily TTP” refers to the TTP calculated in accordance with regulations at 24 CFR § 5.6.28 (not capped at Gross Rent) and the “most recently paid TTP”, refers to the TTP recorded on the family’s most recent HUD Form 50059. If a family in a project converting from Public Housing to PBRA was paying a flat rent immediately prior to conversion, the PHA should use the flat rent amount to calculate the phase-in amount for Year 1, as illustrated below.

Three Year Phase-in:
- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recently paid TTP or flat rent and the Calculated Multifamily TTP
- Year 2: Year 2 Annual Recertification (AR) and any Interim Recertification (IR) in prior to Year 3 AR – 50% of difference between most recently paid TTP and Calculated Multifamily TTP
- Year 3: Year 3 AR and all subsequent recertifications. – Year 3 AR and any IR
in Year 3: Full Calculated Multifamily, TTP\(^{53}\)TP

53. For example, where a resident’s most recently paid TTP is $100, but the Calculated PBV TTP is $200 and remains $200 for the period of the resident’s occupancy, (i.e. no changes in income) the resident would continue to pay the same rent and utilities for which it was responsible prior to conversion. At the first recertification following conversion, the resident’s contribution would increase by 33\% of $100 to $133. At the second AR, the resident’s contribution would increase by 50\% of the $66 differential to the standard TTP, increasing to $166. At the third AR, the resident’s contribution would increase to $200 and the resident would continue to pay the Calculated PBV TTP for the duration of their tenancy.

Five Year Phase-in

a. Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 20% of difference between most recently paid TTP or flat rent and the Calculated Multifamily TTP

b. Year 2: Year 2 AR and any IR prior to Year 3 AR – 25% of difference between most recently paid TTP and Calculated Multifamily TTP

c. Year 3: Year 3 AR and any IR prior to Year 4 AR – 33% of difference between most recently paid TTP and Calculated Multifamily TTP

d. Year 4: Year 4 AR and any IR prior to Year 5 AR – 50% of difference between most recently paid TTP and Calculated Multifamily TTP

e. Year 5 AR and all subsequent recertifications – Full Calculated Multifamily TTP

Please Note: In either the three year phase-in or the five-year phase-in, once Calculated Multifamily TTP is equal to or less than the previous TTP, the phase-in ends and tenants will pay full Calculated Multifamily TTP from that point forward.

5. Family Self-Sufficiency (FSS) and Resident Opportunities and Self Sufficiency Service Coordinators (ROSS-SC) Programs. Public Housing residents that are currently FSS participants will continue to be eligible to participate in the PHA’s FSS program once their housing is converted under RAD. Through waiver in this Notice, FSS grant funds may be used to continue to serve such FSS participants. All Project Owners will be required to administer the FSS program or partner with another agency to administer the FSS program in accordance with the requirements of 24 CFR part 984, the participants’ contracts of participation, and future guidance published by HUD. The PHA may continue to use any FSS funds already awarded to serve FSS participants in Covered Projects – current and future guidance published by HUD for all FSS participants enrolled in the FSS program prior to RAD conversion. All Project Owners will be required to provide both service coordination and payments to escrow until the end of the Contract of Participation for each resident. To ensure that HAP payments are processed correctly, and until TRACS is modified, the Project Owner must notify MF_FSS@hud.gov that there are current FSS participants residing in the Covered Project and adhere to the escrow and reporting requirements in Notice H 2016-08. The Project Owner may enter into a Cooperative Agreement with the PHA (the grantee), allowing the PHA to continue to provide service coordination to tenants.
RAD-affected PBRA participants until all have completed their Contracts according to 24 CFR § 984.303. The Project Owner must assume responsibility for the administrative duties associated with FSS such as calculating and crediting escrow and reporting. Ultimately, the new Project Owner is responsible for serving the RAD-affected FSS participants until the end of their CoPs.
The owner is not required to enroll new participants, but may choose to run its own voluntary FSS program in accordance with Notice H 2016-08.

4. At the completion of the FSS grant, grantees should follow the normal closeout procedures outlined in the grant agreement. Through waiver in this Notice, FSS funds awarded in FY14 and prior FSS funds may be used to continue to serve FSS participants living in units converted under RAD to PBRA. Pursuant to the FY 2015 Appropriations Act, any FSS funds awarded in FY 2015 (and thereafter if the provision is extended), may be used to also serve any other PBRA resident (regardless of whether the resident is in a Covered Project). Future FSS NOFAs will identify eligible FSS participants. Until HUD implements provisions of the Economic Growth, Regulatory Relief, and Consumer Protection Act that expand eligibility for FSS to PBRA properties, only a PHA that continues to run an FSS program that serves public housing and/or HCV/PBV FSS participants, the PHA will continue to be eligible (subject to NOFA requirements) to apply for FSS funding and may use that funding to serve public housing, HCV and/or RAD-affected PBRA FSS participants. However, if the PHA no longer has a public housing or HCV program, the PHA is not eligible to apply for FSS funding.

Project Owners will be allowed to use any funds already granted for FSS coordinator salaries until such funds are expended. All Project Owners will be required to provide both service coordinators and payments to escrow until the end of the Contract of Participation for each resident. If the Project Owner is a PHA that continues to run an FSS program that serves public housing and/or HCV FSS participants, the PHA will continue to be eligible (subject to NOFA requirements) to apply for FSS funding and may use that funding to serve public housing, HCV and/or PBRA FSS participants. However, if the PHA no longer has a public housing or HCV program, the Project Owner is not eligible to apply for FSS funding. The owner is not required to enroll new participants, but may choose to do so in accordance with Housing Notice 2016-08.

Upon conversion, if the PHA has closed out its public housing program in accordance with Notice PIH 2019-13, funds escrowed under the public housing program for FSS participants shall be transferred into the PBRA escrow account and be considered PBRA funds, thus reverting to PBRA if forfeited by the FSS participant.

To ensure that HAP payments are processed correctly, and until TRACS is modified, the Project Owner must notify MF_FSS@hud.gov that there are current FSS participants residing in the Covered Project. If a Project Owner of a Covered Project refuses to continue a FSS program, the PHA and the Project

Owner will enter into an arrangement allowing the PHA to continue to operate the FSS program until all converted PBRA FSS participants have completed their Contracts according to 24 CFR § 984.303.

Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be eligible to be counted towards the unit count for future ROSS-SC grants nor will its residents be eligible to be served by future ROSS-SC grants, as ROSS-SC, by statute, can serve only public housing residents. At the completion of the ROSS-SC grant, grantees should follow the normal closeout procedures outlined in the grant agreement. Please note that ROSS-SC grantees may be non-profits or local Resident Associations and this consequence of a RAD conversion may impact those entities.

5.6. Resident Participation and Funding. Residents of Covered Projects with assistance converted to PBRA will have the right to establish and operate a resident organization in accordance with 24 CFR part 245 (Tenant Participation in Multifamily Housing Projects). In addition, in accordance with Attachment 1B, residents will be eligible for resident participation funding.

6.7. Resident Procedural Rights. The information provided below must be included as part of the House Rules for the associated project and the House Rules must be furnished to HUD as part of the Financing Plan submission for review prior to Closing. See Attachment 1E for a sample Addendum to the House Rules.
i. **Termination Notification.** HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public housing projects converting under RAD, that supplement notification requirements in regulations at 24 CFR § 880.607 and the Multifamily HUD Model Lease.

   a. **Termination of Tenancy and Assistance.** The termination procedure for RAD conversions to PBRA will additionally require that Project Owners provide adequate written notice of termination of the lease which shall be:

   i. A reasonable period of time, but not to exceed 30 days;
      - If the health or safety of other tenants, Project Owner employees, or persons residing in the immediate vicinity of the premises is threatened; or
      - In the event of any drug-related or violent criminal activity or any felony conviction;
   
   ii. Not less than 14 days in the case of nonpayment of rent; and
   
   iii. Not less than 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.

   b. **Termination of Assistance.** In all other cases, the requirements at 24 CFR § 880.603, the Multifamily HUD Model Lease, and any other HUD multifamily administrative guidance shall apply.

ii. **Grievance Process.** Pursuant to requirements in the RAD Statute, HUD is establishing additional resident procedural rights to comply with section 6 of the Act. In addition to program rules that require that tenants are given notice of covered actions under 24 CFR part 245 (including increases in rent, conversions of a project from project-paid utilities to tenant-paid utilities, or a reduction in tenant paid utility allowances), HUD requires that:

   a. Residents be provided with notice of the specific grounds of the Project Owner’s proposed adverse action, as well as their right to an informal hearing with the Project Owner;
   
   b. Residents have an opportunity for an informal hearing with an impartial member of the Project Owner’s staff within a reasonable period of time;
   
   iii. Residents have the opportunity to be represented by another person of their choice, to ask questions of witnesses, have

c. **Family Right to Move.** Pursuant to Section 1.7.C.5 and unless the Covered Project received a specific good cause exemption to such provision, families have a choice-mobility right which must be stated in the House Rules as shown in sample in Attachment 1E.

7.8. **Earned Income Disregard (EID).** Tenants who are employed and are currently receiving the EID exclusion at the time of conversion will continue to receive the EID exclusion after conversion, in accordance with regulations at 24 CFR § 960.255. After conversion, no other tenants will be eligible to receive the EID. If a tenant receiving the EID exclusion undergoes a break in employment, ceases to use the EID exclusion, or if the EID exclusion expires in accordance with 24 CFR §. 960.255, the tenant will no longer receive the EID exclusion and the Owner will no longer be subject to the provisions of 24 CFR §. 960.255. Furthermore, tenants whose EID ceases or expires after conversion shall not be subject to the rent phase-in provision, as described in Section 1.7.B.3; instead, the rent will automatically be adjusted to the appropriate rent level based upon tenant income at that time.

9. **Jobs Plus.** Jobs Plus grantees awarded FY14 and future funds that convert the Jobs Plus target project(s) under RAD will be able to finish out their Jobs Plus grant at that site unless significant relocation and/or change in building occupancy is planned. If either is planned at the Jobs Plus target project(s), HUD may allow for a

modification of the
8. Jobs Plus work plan or may, at the Secretary’s discretion, choose to end the Jobs Plus program at that project. Jobs Plus target public housing projects must enroll public housing residents into the Jobs Plus rent incentive, JPEID, prior to conversion. Any resident of the Covered Project that had not enrolled prior to conversion is not eligible to enroll in JPEID but may utilize Jobs Plus services offered at the target project that predominantly benefit the former public housing residents who resided at the target project at the time of RAD conversion. If the program is continued, the Project Owner must agree to continue to implement the program according to HUD’s program requirements.

9.10. When Total Tenant Payment Exceeds Gross Rent. Under the PBRA program, assisted families typically pay 30% of adjusted gross income toward rent and utilities, referred to as TTP. Under normal PBRA rules, a Project Owner must process a termination of assistance pursuant to section 8-5 C. of Housing Handbook 4350.3, REV-1 when the family’s TTP has risen to a level that is equal to or greater than the contract rent, plus any utility allowance, for the unit (i.e., the Gross Rent). In addition, section 8-6 A.1 provides that, when terminating a tenant’s assistance, the owner is to increase the tenant rent to the contract rent (assuming that the tenant does not receive the benefit of any other type of subsidy).

For residents living in the Converting Project on the date of conversion and all new admissions to the Covered Project thereafter, when TTP equals or exceeds the contract rent plus any utility allowance, the Project Owner must charge a tenant rent equal to the lesser of (a) TTP (which is not capped at gross rent), less the utility allowance in the contract, or (b) any applicable maximum rent allowable under LIHTC regulations. To this end, HUD is waiving sections 8-5 C. and 8-6 A.1 of Housing Handbook 4350.3, REV-1. In such cases, the tenant will still be considered a Section 8 tenant and will still have the rights and be subject to the requirements of Section 8 tenants. Tenants will retain all of the rights under the Model Lease, including the right to occupy the unit, as well as those provided through this Notice, and tenants will still be subject to the requirements for Section 8 tenants, including the requirements concerning reexamination of family income and composition found in 24 CFR §§ 5.657 and 80.603(c). When TTP equals or exceeds Gross Rent, the excess rent collected by the owner is considered project funds and must be used for project purposes. Assistance may subsequently be reinstated if the Tenant becomes eligible for assistance. In the event that the tenant moves out, the Project Owner must

For example, a public housing family residing in a property converting under RAD has a TTP of $600. The property has an initial Contract Rent of $500, with a $50 Utility Allowance. Following conversion, the residents is still responsible for paying $600 in tenant rent and utilities. Accordingly, the Project Owner must charge this resident $550, i.e., $600 TTP, minus $50 Utility Allowance.
select an applicant from the waiting list who meets the applicable income limits for the project.

The Project Owner is not required to process these individuals through Multifamily Housing’s Tenant Rental Assistance Certification System (TRACS) but may be required to do so in the future when a future revision of the TRACS can accept such certifications. All normal actions for the contract rent shall continue for these units, including application of the OCAF adjustment to the contract rent indicated in the HAP Contract—since the OCAF adjusted rent will still be in effect whenever the unit is occupied by a family eligible for rental assistance.

10.11. **Under-occupied Occupied Units.** If at the time of conversion, an eligible family assisted under the HAP Contract is occupying a unit that is larger than appropriate because of the family’s composition, the family may remain in the unit until an appropriate-sized unit becomes available in the Covered Project. When an appropriate-sized unit becomes available in the Covered Project, the family living in the under-occupied unit must move to the appropriate-sized unit within a reasonable period of time. In order to allow the family to remain in the under-occupied unit until an appropriate-sized unit becomes available in the Covered Project, HUD is waiving the portion of 24 CFR § 880.605 that assumes the unit has become under-occupied as the result of a change in family size.

**B. PBRA: Other Miscellaneous Provisions.**

1. **Access to Records, Including Requests for Information Related to Evaluation of Demonstration.** PHAs and the Project Owner must cooperate with any reasonable HUD request for data to support program evaluation, including but not limited to project financial statements, operating data, Choice-Mobility utilization, and rehabilitation work.

2. **Davis-Bacon prevailing wages and Section 3 of the Housing and Urban Development Act of 1968 (Section 3).** This section has been moved to 1.4.6.13 and 1.4.6.14. These sections have been moved to 1.4.6.13 and 1.4.6.14.

3. **Establishment of Waiting List.** The Project Owner can utilize a project-specific or community waiting list. The PHA shall consider the best means to transition applicants from the current public housing waiting list, including:
   1.1. Transferring an existing site-based waiting list to a new site-based waiting list.

ii.b. Transferring an existing site-based waiting list to a PBRA program-wide or HCV program-wide waiting list.
iii. Transferring an existing community-wide public housing waiting list to a PBRA program-wide or HCV program-wide waiting list, an option particularly relevant for PHAs converting their entire portfolio under RAD.

iv. Informing applicants on a community-wide public housing waiting list how to transfer their application to one or more newly created site-based waiting lists.

To the extent the wait list relies on the date and time of application, the applicants shall have priority on the wait list(s) to which their application was transferred in accordance with the date and time of their application to the original waiting list.

If the PHA is transferring assistance to another neighborhood and, as a result of the transfer of the waiting list, the applicant would only be eligible for a unit in a location which is materially different from the location to which the applicant applied, the PHA must notify applicants on the wait-list of the transfer of assistance, and on how they can apply for residency at other sites.

If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 903.1(b) to ensure that applicants on the PHA’s public housing community-wide waiting list have been offered placement on the Covered Project’s initial waiting list.

If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 903.1(b)(2)(ii) to ensure that applicants on the PHA’s public housing community-wide waiting list have been offered placement on the Covered Project’s initial waiting list. In all cases, PHAs have the discretion to determine the most appropriate means of informing applicants on the public housing community-wide waiting list given the number of applicants, PHA resources, and admissions requirements of the projects being converted under RAD. A PHA may consider contacting every applicant on the public housing waiting list via direct mailing; advertising the availability of housing to the population that is less likely to apply, both minority and non-minority groups, through various forms of media (e.g., radio stations, posters, newspapers) within the marketing area; informing local non-profit entities and advocacy groups (e.g., disability rights groups); and conducting other outreach as appropriate. Any activities to contact applicants on the public housing waiting list must be conducted in accordance with the requirements for effective communication with persons with disabilities at 24 CFR § 8.6 and with the obligation to provide meaningful access for persons with limited English proficiency (LEP).42

---

42. For more information on serving persons with LEP, please see HUD’s Final guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (72 FR 2732), published on January 22, 2007.

Annual Plan 2019 Amendment 2

January 10, October 15, 2019
When using a site-based waiting list, PHAs should consider waiting list and transfer policies that expand opportunities for tenants seeking an emergency transfer under, or consistent with, the PHA’s Emergency Transfer Plan. This allows for easier moves.

The Choice

between assisted properties. Any such preference must be approved by HUD in accordance with Notice H 2013-21, prior to implementation.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 880.603 regarding selection and admission of assisted tenants. However, after the initial waiting list has been established, the Project Owner shall administer its waiting list for the Covered Project in accordance with 24 CFR § 880.603.

A Project Owner must maintain any site-based waiting list in accordance with all applicable civil rights and fair housing laws and regulations, unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 880.603 regarding selection and admission of assisted tenants. However, after the initial waiting list has been established, the Project Owner shall administer its waiting list for the Covered Project in accordance with 24 CFR § 880.603.

4. Mandatory Insurance Coverage. The Covered Project shall maintain at all times commercially available property and liability insurance to protect the project from financial loss and, to the extent insurance proceeds permit, promptly restore, reconstruct, and/or repair any damaged or destroyed property of a project.

5. Choice-Mobility. HUD seeks to provide all residents of Covered Projects with viable Choice-Mobility options. Unless provided an exemption as described below, PHAs that are applying to convert the assistance of a project to PBRA are required to provide a Choice-Mobility option to residents of Covered Projects in accordance with the following: 16

16 The Choice-Mobility requirements that apply to covered PBRA projects differ from the requirements that apply to covered PBV projects.

turnover vouchers to the residents of Covered Projects. iii. may agree to limit the number of Choice-Mobility moves exercised by eligible households to 15 percent of the assisted units in the project. (For example, if the project has 100 assisted units, the PHA Project Owner and voucher agency could limit the number of families exercising Choice-Mobility to 15 in any year, but not to less than 15.) While a Project Owner and voucher agency is not required to establish a project turnover cap, if such a cap is implemented the voucher agency must create and maintain a waiting list in the order in which the requests from eligible households were received.

The voucher agency must maintain a written agreement with the owner describing how the Choice-Mobility option will be administered in accordance with these requirements and the process by which households may request a voucher. For example, the written agreement must specify whether the owner will receive requests from families or refer families to the PHA.

HUD’s goal is to have all residents in the Demonstration offered a Choice-Mobility option within a reasonable time after conversion. However, as HUD recognizes that not all PHAs’ voucher agencies will have vouchers sufficient to support this effort, HUD will take the following actions:

- Provide voucher agencies that make such a commitment bonus points provided under the Section Eight Management Assessment Program (SEMAP) for deconcentration; 52
- Provide voucher agencies that make such a commitment bonus points provided under the Section Eight Management Assessment Program (SEMAP) for deconcentration; 52
- Grant a good-cause exemption from the Choice-Mobility requirement for no more than 10 percent of units in the Demonstration. HUD will consider requests for good-cause exemptions only from the following types of PHAs: (a) Public housing-only agencies, defined as agencies that own units under a Public housing-only agencies, defined as agencies that own units under a Public housing-only agencies, defined as agencies that own units under a Public housing-only agencies, defined as agencies that own units under a

In order to implement this incentive, HUD is waiving provisions under 24 CFR § 985.3(h) to provide donating agencies with bonus points under the SEMAP for deconcentration.

In order to implement this incentive, HUD is waiving provisions under 24 CFR 985.3(h) to provide donating agencies with bonus points under the SEMAP for deconcentration.
6. Future Refinancing. Project Owners must receive HUD approval for any refinancing or restructuring of secured debt during the HAP Contract term to ensure the financing is consistent with long-term preservation of the Covered Project. With respect to any refinancing contemplated at the time of conversion (including any permanent financing which is a conversion or take-out of construction financing), such consent may be evidenced through the RCC, but HUD review of lien must be performed prior to execution.

7. Submission of Year-End Financial Statements. Projects converting assistance to PBRA must comply with 24 CFR part 5, subpart H, as amended, revised, or modified by HUD.15

8. Classification of Converting Projects as Pre-1981 Act Projects under Section 16(c) of the United States Housing Act of 1937. For purposes of ensuring maximum flexibility in converting to PBRA, all projects converting to PBRA shall be treated as Pre-1981 Act Projects under Section 16(c) of the Act. Section 16(c)(1), which applies to pre-1981 Act projects, restricts occupancy by families that are other than very low-income to 25% of overall occupancy. Thus, Project Owners of projects converting to PBRA may admit applicants with incomes up to the low-income limit. HUD Headquarters tracks the 25% restriction on a nationwide basis. Project Owners of projects converting to PBRA do not need to request an exception to admit low-income families. In order to implement this provision, HUD is specifying alternative requirements for section 16(c)(2) of the Act and 24 CFR §§ 5.653(d)(2) to require Project Owners of projects converting to PBRA to adhere to the requirements of section 16(c)(1) of the Act and 24 CFR §§ 5.653(d)(1).

9. Owner-Adopted Preferences. Project Owners/Covered Projects are not permitted to establish or, where previously approved under public housing rules, maintain a designation (i.e., a set-aside of units) for elderly families or for disabled families.

---

15 A veteran is: for the purpose of HUD-VASH, a person who served in the active military, naval, or air service, and who was discharged or released under conditions other than dishonorable and is eligible for Veterans Administration health care.
16 This provision is included to clarify existing requirements for PHAs that own PBRA-assisted projects through Single Asset Entities. Such owners are considered reporting entities under 24 CFR § 5.801(a)(2) and (a)(4).
8. **Governing public housing, the Section 8 statute does not authorize designations.** However, owners of Covered Projects may adopt a selection preference for elderly single persons pursuant to 24 CFR § 5.655(c)(5) and Housing Handbook 4350.3, Chapter 4, provided the adoption of such preference can (e.g., for elderly individuals and/or elderly families) which permits those applicants to be implemented consistent with the residents’ right of return under this Notice selected from the waiting list and housed before other eligible families. Project Owners who wish to adopt a preference for populations that are not identified in 24 CFR § 5.655(c)(5) (e.g., elderly families, near-elderly single persons, near-elderly families), may do so pursuant to Housing Notice 2013-21 (July 25, 2013). A Project Owner may not adopt a preference that would have the purpose or effect of substantially delaying or denying the participation of other eligible families in the program on the basis of race, color, national origin, religion, sex, disability, or familial status, or would create or perpetuate segregation. Must obtain HUD approval from the prospective Multifamily Housing Account Executive (field office) prior to execution of the HAP contract to do so in accordance with Notice H 2013-21 (July 25, 2013). This approval must be secured prior to conversion if the owner intends to implement the preference for new admissions immediately following conversion.

9. **Initial Certifications and Tenant Rent Calculations.** Owners are to use the resident’s pre-existing public housing 50058 data and maintain the tenant rent and utility allowance until the resident’s next annual or interim certification. To effectuate this provision, HUD is waiving 24 CFR 5.601.
20. **Occupancy by Over-Income Families**

BHA is including in its Admissions and Continued Occupancy Policy (ACOP) Section 9.2.1 a policy for over-income families.

21. **Occupancy by Police Officers**

See Admissions and Continued Occupancy Policy (ACOP) section 10.6. for policy on Occupancy by Police Officers. BHA doesn’t have any units officially occupied by law enforcement officers as reported in PIC.
22. Non-Smoking Policies
NON-SMOKING POLICY from Section 18 of the BHA Public Housing Lease

A. Purpose of Non-Smoking Policy. The parties (BHA and the Tenant/Resident) desire to mitigate (i) the irritation and known health effects of secondhand smoke; (ii) the increased maintenance, cleaning and redecorating costs from smoking; (iii) the increased risk of fire from smoking; and (iv) the higher costs of fire insurance for a non-smoke-free building.

B. Definition of Smoking. The term “smoking” means inhaling, exhaling, breathing, or carrying or possessing any lighted cigarette, cigar, pipe or other tobacco product or similar lighted product in any manner or in any form.

C. Non-Smoking Area. Resident agrees and acknowledges that the premises to be occupied by Resident and members of Resident's household and any interior common areas, including but not limited to community rooms, community bathrooms, lobbies, reception areas, hallways, laundry rooms, stairways, offices and elevator, within all living units, and within a specified distance from building(s), as determined by the property manager in consultation with the residents, including entry ways, porches, balconies and patios have been designated as a Non-smoking living environment. Resident and members of Resident's household shall not smoke anywhere in said Non-Smoking Area, including in the unit rented by Resident, the building where Resident's dwelling is located, or in any of the common areas or adjoining grounds of such building including the steps, patios or yards, nor shall Resident permit any guests or visitors under the control of Resident to smoke in said Non-Smoking Area.

D. Resident to Promote Non-Smoking Policy and to Alert Landlord of Violations. Resident shall inform Resident's guests of the non-smoking policy. Further, Resident shall promptly give Landlord a written statement of any incident where tobacco smoke is migrating into the Resident's unit from sources outside of the Resident's unit.

E. Landlord to Promote Non-Smoking Policy. Landlord shall post no-smoking signs at entrances and exits, in common areas, and in conspicuous places adjoining the grounds of the Non-Smoking Area.

F. Landlord Not a Guarantor of Smoke-Free Environment. Resident acknowledges that Landlord's adoption of a non-smoking living environment does not make the Landlord or any of its managing agents the guarantor of Resident's health or of the non-smoking condition of the Resident's unit and the common areas. However, Landlord shall take reasonable steps to enforce the Non-Smoking Policy.

Supplement to HUD Form 50075-ST(1): Plan Elements 139
non-smoking terms of this leases and to make the Non-Smoking Area as smoke-free as is reasonably possible. Landlord is not required to take steps in response to smoking unless Landlord knows of said smoking or has been given written notice of said smoking.

G. Effect of Breach and Right To Terminate Lease. A breach of this Section of the Lease shall give each party all the rights contained herein, as well as the rights otherwise contained in the Lease. A material or continuing breach of this Section shall be a material breach of the Lease and grounds for termination of the Lease by the Landlord. **Tenant acknowledges that the remedy for smoking within the apartment may be the assessment of a charge of up to two hundred-fifty dollars ($250.00) for each smoking incident. Charges will be used by the BHA towards the costs of refurbishing the apartment.**

H. Disclaimer by Landlord. Resident acknowledges that Landlord’s adoption of a non-smoking living environment, does not in any way change the standard of care that the Landlord or managing agent would have to a resident household to render buildings and premises designated as non-smoking any safer, more habitable, or improved in terms of air quality standards than any other rental premises. Landlord specifically disclaims any implied or express warranties that the building, common areas, or Resident's premises will have any higher or improved air quality standards than any other rental property. Landlord cannot and does not warrant or promise that the rental premises or common areas will be free from secondhand smoke. Resident acknowledges that Landlord's ability to police, monitor, or enforce the provisions of this Section is dependent in significant part on voluntary compliance by Resident and Resident's guests, as well as by other residents and guests in other parts of the Non-Smoking Area. Residents with respiratory ailments, allergies, or any other physical or mental condition relating to smoke are put on notice that Landlord does not assume any higher duty of care to enforce this Section than any other landlord obligation under the Lease.
23. Project-Based Vouchers

Project-based Vouchers: Boston Housing Authority Section 8 Project Based Voucher Program

**Background**

As a result of the Fiscal Year 2001 HUD Appropriations Act, regulations were issued incorporating the Project Based Assistance requirements into the merged voucher program. These regulations were originally published in the Federal Register on January 16, 2001 and permitted the BHA to enter into a housing assistance payments (HAP) contracts with otherwise qualified owners provided the HAP contracts were in congruence with the PHA Plan (see 42 U.S.C. 1437c-1, implemented at 24 CFR part 903.) HUD defines “consistency with the PHA Plan” as a demonstration by the PHA that circumstances exist that indicate that project basing of the units, rather than tenant-basing of the same subsidy assistance is an appropriate option. Subsequently, HUD promulgated the Project Based Voucher Program; Final Rule on October 13, 2005, incorporating therein the sum and substance of the January, 2001 Initial Guidance. The following discusses the BHA’s implementation of this important policy tool.

**PHA Plan**

HUD’s initial guidance published January, 2001 and again incorporated into the October, 2005 final rule specifies that PHAs that wish to use the project-based voucher option must attach a statement to the PHA Plan template. 66 Fed. Reg. 3608.

**: The statement must include the projected number of project-based units and general locations, and
**: how project basing would be consistent with the PHA plan.

**The Projected Number of Project Based Units**

Under the Project Based Voucher (PBV) regulations, the BHA has the option to convert up to 20% of our tenant based voucher allocation to project based assistance. With the BHA’s present portfolio size of 14,558 tenant-based units, 20% would equate to 2912 units. By the end of BHA Fiscal Year 2019, the BHA anticipates that it will have 1740 units under contract in its PBV Program. In 2018 and 2019, BHA anticipates a number of PBV projects that will be excluded from the 20% threshold as they will result from Public Housing developments converted under HOTMA and through RAD.

The BHA may grant project base vouchers only if the contract is consistent with the goals of deconcentrating poverty and expanding housing and economic opportunities. Projects may not be sited in areas where the census data reflects a poverty rate of greater than 20% unless there is evidence that the project will...
further deconcentration goals. All of the BHA’s Project Based Vouchers under lease have met HUD’s requirements listed above regarding the location of projects.

**Future Siting of Section 8 Based Voucher Projects: Strategic Investment**

The PBV rules permit a PHA to give an award of PBV vouchers if a developer has successfully obtained financing from other competitive rounds; where an award of PBV assets was not contemplated. In the event that resources permit and an otherwise qualified project is presented, the BHA reserves the ability to review individual requests. All units must serve homeless households and/or elderly / disabled households.

Future PBV project sites should have strategic importance for the social or economic well-being of the community. This should be demonstrated both by an analysis of how the proposed project will meet a specific community need as well as by the level of public support for the project. By necessity, this will vary depending on the type of project being proposed. The following guidelines should be considered:

**Construction type:** New construction projects have the greatest physical impact on the surrounding community, and thus should provide a clear justification for the choice of location and how the project will impact (positively or negatively) the immediate surrounding neighborhood. Adaptive reuse projects should justify the impact of the converted use on the surrounding area. The rehabilitation of vacant/abandoned buildings should explain why the particular building(s) was selected and the impact its restoration will have on nearby properties and the neighborhood. Preservation projects of occupied buildings generally may or may not have any impact on the surrounding neighborhood. Finally, larger projects of any type tend to have greater impacts than smaller projects.

**Neighborhood needs:** Neighborhood needs can be demonstrated in several ways. The most significant method, for example, is when the project is the outcome of a participatory neighborhood planning process that has identified the strategic importance of specific sites and buildings as part of a larger neighborhood development plan. A similar though less formal method is when a building or site has been identified by a community group as very important for redevelopment (e.g. perhaps it is a major eyesore at a key location). Neighborhood needs may also be supported by data that demonstrate there is a shortage of a particular housing type (e.g. units for single people, large families, etc.).

**Citywide needs:** If the project is intended to serve more of a citywide housing need -- for example, supportive housing for the disabled, elderly, veterans, and/or homeless -- the applicant should provide information supporting the need.
for that housing and as well as the choice of location versus other possible locations.

**Community support:** Ideally, all projects will have already established firm community support. This is not always possible, however. The project should be able to demonstrate local neighborhood support and/or the support of citywide organizations, to the extent the project is serving a broader citywide need. If support has not been established at the time of application, the applicant must submit a plan for further outreach that is appropriate to the type of project being proposed. It is important for projects serving citywide needs to establish meaningful contact with local abutters and neighborhood organizations. It is also important to establish a greater level of support for projects that will have significant physical impacts (e.g. a large new construction project). Final funding commitments will be made only following successful completion of the outreach plan.

**How Project Basing is Consistent with the PHA Plan:** The BHA has elected to convert tenant-based assistance to project based assistance to encourage new construction and rehabilitation.

Project based housing provides long term assets which are dedicated to housing persons of low income, as well as special needs tenants. These units will not experience fluctuations in availability and price to which the general housing market is subject.
24. Units with Approved Vacancies for Modernization
See Admissions and Continued Occupancy Policy section 6.2.3 for policy on units with approved vacancies for modernization. BHA currently doesn't have any units officially offline as funded for modernization in PIC.
